JOHN T. HELD GETS MASTER'S FROM ILLINOIS

John T. Held, Gettysburg High School mathematics instructor, who this month completed a year's study in a mathematics institute at the University of Illinois, received the degree of Master of Science in Mathematics Teaching from that university.

The degree was formally conferred "in absentia" on June 14 at the annual commencement exercises.

The institute, Held attended was conducted by the National Science Foundation and taught a new method of teaching mathematics developed at the University of Illinois under the direction of Prof. Max Beberman.

Mr. Held will return to his teaching duties at Gettysburg High School in September. He and Mrs. Held reside on Johns Ave.

Has MA From Columbia

The Illinois mathematics curriculum for high schools differs radically from the traditional courses, integrating algebra, geometry, trigonometry, analytical geometry and even more advanced mathematics into its program without compartmentalizing these studies into separate courses. The objective of the new curriculum has been a program that will "make sense" to the pupils, be "teachable" and acceptable to mathematicians. Precise expression of meaning and the philosophy of letting students make their own discoveries rather than giving them the rules are basic to the curriculum.

Mr. Held, who is a son of the Rev. and Mrs. Charles E. Held, Gettysburg R. 1, is a graduate of Gettysburg College in the class of 1948. He received the degree of Master of Arts from Columbia in 1952 and in the summer of 1956 took a course provided by General Electric at the Rensselaer Polytechnic Institute.

He came to Gettysburg High School from Fairfield High where he taught 3½ years. He has been at Gettysburg 4½ years.

Red Cross Swim Class Beginners

A Gettysburg Times photographer caught this group of beginners this morning as the 9 o'clock class began its final day at the Battlefield Swimming Pool. Fifty-eight are enrolled in the class which started training two weeks ago. New classes start next Monday. Left to right, seated on the edge of the pool, are Edward Paris, William Taylor, David Dellinger and Barbara Neider. Standing in the water is Instructor Anne Eckert and at the rear is Mrs. Peggy P. Hill, Red Cross secretary. Looking over the edge of the pool are Scott Deatrick, Christine Rogers, Susan Welshaar and Donald Steinour. Many in the group passed their last test after the photo was taken.

48TH HOFFMAN HOME PROGRAM ATTRACTS 750

Approximately 750 were in attendance at the 48th anniversary observance of the Hoffman Home for Children of the Evangelical and Reformed Church, held on Thursday at the home, Littlestown R. D. Special features for the day, in addition to the program in the afternoon, included a home-cooked baked ham dinner in the Everhart dining hall from 11 a.m. to 1 p.m. served by the Paradise Charge of the Mercersburg Syod: a pipe organ recital by Miss Hazel Hess, organist, from 11:45 a.m. to 12:45 p.m. in Leiphart Memorial Chapel; a band concert by the Gettysburg Junior High School Band beginning at 1:15 p.m., and following the program; a bazaar by the Ladies' Auxiliary in the school building and various stands on the grounds sponsored by Trinity Church, Gettysburg; St. Mary's Church, Silver Run, and the Ladies' Auxiliary.

ROUND TABLE LEARNS ABOUT ANTIETAM 'IFS'

Twenty-five members of the Gettysburg Civil War Round Table Thursday night visited Sharpsburg to tour Antietam National Park and learn that Antietam on September 17, 1862, was the "bloodiest one-day battle of the civil war."

Federal losses were 12,140 or 15.4 per cent of those engaged. Confederate losses in killed and wounded were 10,700 or 26.1 per cent of those engaged. Nearly 5,000 men were killed during the day, another nearly 5,000 men died within a few days after the engagement of wounds received there.

The superintendent of the site, Harry Dout, told the Gettysburg group: "Antietam is like many Civil War battles, full of many 'ifs.' If A. P. Hill's troops coming from Harper's Ferry had arrived 15 minutes after they did, or if General Burnside's troops had crossed the Antietam earlier, or if McClellan had attempted one more attack of the Evangelical and Reformed Church; offering; received by the Rev. John Martin, of New Oxford; hymn and benediction pronounced by the Rev. Albert E. Shenoberger, Baltimore.

15 Are Killed When Jet Tanker Crashes And Burns Taking Off For Transatlantic Speed Record

WESTOVER AIR FORCE BASE With the first light of dawn, Mass. (AP)—A jet tanker plane rescue workers found 15 bodies attempting a transatlantic speed record scattered over a wide area. The record crashed and exploded seconds after takeoff early today, killing all 15 aboard.

Observers said the giant C135 set fire to trees and brush burning jet tanker apparently hit high tension wires about a mile and a half from its takeoff runway.

The crashing plane gouged out a section of the Massachusetts Turnpike and a 10-mile stretch plane into hundreds of pieces, the was closed because of the damage, largest of which was described as age.

Kazimierz Machowski, 45, one of the victims were six whose property the plane crashed.

Among the victims were six whose property the plane crashed. The said: "I heard the plane taking off as I was lying in bed. In a very little while, I heard a terrific explosion. I ran outside and it was brighter than daylight from the burning plane. The heat from the wreckage was so terrific it wasn't possible to get near it. Wreckage was all over the countryside. No body could have lived in that crash."

The plane was the third of the four-plane flight to take off. The first two got off on schedule and headed directly for London.

The fourth plane was on the runway ready to take off at the time of the crash. That flight was canceled. (Continued On Page 3)

ACTIVITIES ARE BEING PLANNED BY "JAYCEES"

Plans for a tennis tournament, a float in the July Fourth parade and for the annual antique show in August were outlined Thursday evening at a meeting of the Gettysburg Junior Chamber of Commerce at the engine house.

The Junior Tennis Tournament will begin this evening at 7 o'clock at Recreation Field with Richard Guise general chairman of the Jaycee committee for the event. Four youths are entered in the tourney for those under 15 and four in the tourney for boys 15 through 18. The finals for the event will be held Saturday afternoon at 2 o'clock. The winners will be honored at the awards banquet to be held by the Jaycees during the winter.

Richard Clarke, Donald Cordell and Mark Gingrich, co-chairmen for the July 4th float, reported on plans for the Jaycee entry in the parade.

17 Show Booths Taken

Harry Spangler, chairman for the annual antique show to be held in August, reported 17 booths have been sold so far to antique dealers from throughout the section. Members of the Jaycees have started their annual solicitation for advertisements for the antique show program, the only such solicitation made by the group during the year, Spangler reported. The advertisement solicitation will be completed by July 4. Spangler said.

Donald Becker, representative of the local Jaycees to the national Junior Chamber of Commerce convention June 16 to 19 at Los Angeles, reported on that convention. Grover Gouker, Hanover, president of the Pennsylvania Jaycees, was elected a vice president of the national group. Becker said. Becker served as campaign manager for Gouker in the successful try for national office.

He also told about the convention keynote address by Dr. Nicholas Nyradai, former finance minister of Hungary, who spoke on the day that announcement came of the execution of Imre Nagy, Hungarian prime minister, with whom Nyradai had worked

in Hungary.

Some of the beginners passed their tests this morning but many others found that the two days the classes were cancelled because of the bad weather had shortened the instruction period so much that they could not make the grade this morning when tests were given for certificates showing satisfactory completion of the beginners' course.

Many of the youngsters were kept home on some of the chillier mornings when parents decided against letting their children swim in temperatures often in the 60s and seldom above 70 degrees.

Make-up Week July 28

New classes, already filled with advance enrolments, will start two-week training courses next Monday and on July 14 another two-week course will open.

The make-up week for the beginners who were enrolled for the past two weeks and did not make the grade will begin July 28.

Beginners have been taught in classes each morning at 9, 10, 11 and 12 o'clock at the Battlefield pool, intermediate and more advanced swimmers have been training at the college pool in the afternoons and adults have been taught at the Battlefield pool in the evenings.

Mrs. Peggy P. Hill, Red Cross secretary, said children who wish to take the make-up week should be enrolled at the Red Cross office.

COLD WEATHER MEANS MAKE-UP WEEK FOR R. C.

Beginners in the Red Cross swimming classes that have had their two weeks of instruction marred by chilly weather and showers were promised today an extra week of training at the end of the regular six weeks of Red Cross swimming courses.

Police Continuing Probe Of Burglary

State and borough police continued their investigation today of the Wednesday night burglary at the Gettysburg Furniture Company offices when four of the five safes in the office were broken open and one hauled away. The loot totaled about \$64.

Chief of Police Jack Bartlett said today that there is a possibility that someone may have hidden in the plant building until it was closed for the night about 6 o'clock Wednesday and then opened a door later for his confederates. No signs of a forced entry have been found.

Police are checking a report that a man with a truck was seen shortly before 10 o'clock Wednesday evening in the vicinity of the factory.

RE-ELECTED DIRECTOR

Charles E. Alwine, of New Oxford, was re-elected a director of the Glen-Gery Shale Brick Corp. during the company's annual stockholders' meeting in Reading. It was announced today. Russell G. Eshenauer, of Reading, was re-elected president. Directors declared a quarterly dividend of 10 cents per share of common stock and 15 cents per share of preferred stock. Preferred dividends will be paid September 1 and common stock dividends September 11 to shareholders of record August 22.

One person was injured and damage totaled \$775 when two cars collided a mile west of Littlestown on the Taneytown Rd. at 9:50 o'clock Thursday night.

State police said Darby N. Baker, Littlestown, was driving east when his car came up behind a hay wagon. To avoid striking the wagon, Baker swung his vehicle into the other lane of traffic and collided with an auto operated by R. B. Copenhafer, Littlestown R. 1, the officers said. Nancy Copenhafer, 14, Littlestown R. 1, was treated by a Littlestown physician and will undergo x-rays today for a possible chipped bone of the ankle. Damage was \$400 to the Baker car and \$375 to the Copenhafer vehicle.

Littlestown Officers for Woman's Club Are Installed

Officers of the Woman's Community Club of Littlestown and vicinity, elected at the May meeting, were installed at the June meeting held Wednesday evening at the home of the outgoing president, Mrs. Luther W. Ritter, Glenwyn Drive.

Mrs. Atlee F. Rebert, a past president of the club, and currently vice president of the Adams County Federation of Women's Clubs, installed the officers as follows: President, Mrs. Robert J. Eckenrode; first vice president, Mrs. Robert H. Miller; second vice president, Mrs. Edward H. Leister; recording secretary, Mrs. Chester S. Evers; assistant recording secretary, Mrs. Paul E. Altoff; corresponding secretary, Mrs. Robert J. Stoenesifer, and treasurer, Mrs. Sterling J. Wisotzkey.

Mrs. Luther W. Ritter, outgoing president, conducted the business prior to installation, and reports were heard from Mrs. Carroll E. Arter, secretary; Mrs. Robert H. Miller, treasurer; Mrs. Edward T. Richardson, cheer committee chairman, and Miss Malva Dutcher, civic service committee chairman. The latter announced that all those members of the club who will participate in the annual bus trip will leave at 5 o'clock tonight from the town square. They will have dinner at Caledonia Manor and will go to the Totem Pole Playhouse to see "Sailor's Delight."

Report On Convention
Mrs. Eckenrode and Mrs. Ritter, who were two of more than 1,500 delegates attending the annual convention of the Pennsylvania Federation of Women's Clubs held recently in Harrisburg, gave brief reports of the proceedings. Mrs. Cloy I. Crouse also attended the convention with them.

Mrs. Kenneth Benner was accepted as a new member and was introduced. Mrs. Sterling J. Wisotzkey and Mrs. Robert J. Stoenesifer were appointed as an auditing committee.

Mrs. Ritter presented a resume of the year's activities, noting that the club's pledge of \$120 to the Annie M. Warner Building Fund, was paid this year as a result of the annual Fashion Show. She also thanked the club members for their cooperation before turning the gavel over to the new president, who also spoke briefly.

Retired Workers Get More Pension

WASHINGTON (AP) — Some 232,000 retired federal workers will start getting bigger pension checks in September.

President Eisenhower Wednesday signed a bill providing pension increases of about 10 per cent for persons who started drawing their benefits before Oct. 1, 1956. The bill sets a top limit of \$504 a year on individual boosts. The bigger pensions become effective Aug. 1. The Civil Service Commission said the increases will be reflected in checks due in September.

Also benefiting from the bill are about 12,000 widows who were ruled ineligible under previous law.

Employees who retired after Oct. 1, 1956, draw their benefits under a different and more liberal pension schedule. They are not affected by the new law.

FOREIGN AID IS CAUGHT IN FUSS

WASHINGTON (AP) — President Eisenhower's \$3,675,400,000 foreign aid program was caught today in a jurisdictional wrangle over the use of U. S.-owned foreign currencies.

The big bill, over which all differences were thought to have been settled last week when Senate and House conferees agreed on a compromise bill, is back in the laps of the conferees again. They met for three hours Wednesday and decided to meet again today in a further effort to get together.

They locked horns over House objection to a Senate provision approving the use of some foreign currencies for scientific and health projects overseas in cooperation with other nations.

The provision, originally agreed to by the House conferees, ran into House objections that it amounted to an appropriation in an authorization bill. House rules call for separate legislation for each.

Supreme Court Gets Pinball Case

PITTSBURGH (AP) — State Superior Court has been asked to set aside a Fayette County Court ruling that multiple - coin pinball machines are gambling devices and subject to seizure. No date has been set for oral arguments.

In an appeal filed Wednesday, Atty. Louis Glasso argued:

"Whether or not any particular machine is a gambling device per se is purely a matter for the legislature to determine. We feel that this decision is nothing but judicial legislation."

Glasso said pinball machines are games of skill and amusement.

The Fayette County Court opinion was handed down last week. The case stemmed from a raid on several Fayette County business establishments in which 41 pinball machines were confiscated.

Pa. Eastern Star Officers Selected

PITTSBURGH (AP) — Clara M. Fluke of Roaring Spring Wednesday was elected worthy grand matron of the Grand Chapter of Pennsylvania Order of the Eastern Star. She succeeds Mrs. Helen C. Watson of Indiana.

Delegates to the annual meeting in Pittsburgh also chose Altoona for the 1959 convention.

Other new officers include: Hilda Seitzinger, Hazelton, Associate grand conductress.

New Board members include: Helen M. Farrell, Picture Rock; Benjamin H. Ulrich, Lock Haven; and Florence Bowyer, Wilkes-Barre; Felicitas Home board; Eloie Conn, Uniontown, Western Home board.

Statey and Mrs. Harry W. Stavely Jr. received the five hundred prizes. Mrs. Ervin Kindig the prize for carom and Mrs. John H. Flickinger and Mrs. Mollie Yingling the other game prizes. Draw awards were presented to Mrs. George DeHoff, Mrs. Claude Snyder, Mrs. Curvin Hollinger, Mrs. Paul E. Altoff, Mrs. George Schaefer, Mrs. Harry T. Harner and Mrs. Edward H. Lester.

Refreshments were served buffet style by the hostess committee. Mrs. Edward H. Lester, Mrs. Wilbur A. Barker, Mrs. Edward H. Brown, Mrs. Orville C. Senn, Mrs. Ralph L. Snyder, Mrs. Carrie Strine and Mrs. Clarence Beachtel. The program included Mrs. Bernard M. Selby, Mrs. Charles Benner, Mrs. Paul Bowman, Mrs. C. Donald Bowser, Mrs. Paul R. Snyder.

There will be no club meetings during July and August. The next regular meeting will be held on Wednesday, September 24.

ESTRANGED WIFE KILLS HUSBAND

NORRISTOWN, Pa. (AP) — Anthony Prestia, 43, was shot to death today as he walked toward the front door of his home for a visit with his estranged wife.

His wife of more than 20 years, Veronica, 42, told Bridgeport Patrolman Joseph Collilouri, a friend of the family: "Joe, I shot him."

She was booked on a charge of murder and taken to the district attorney's office for questioning.

Collilouri went to the Prestia home in nearby Bridgeport after receiving a call at headquarters from Mrs. Prestia.

He apparently came to the house, Collilouri said, to discuss a reconciliation and was shot with one of his hunting rifles.

YORK, Pa. (AP) — The Pennsylvania convention of United Spanish American War Veterans has awarded the title of past department commander emeritus to John H. Cochrane, York industrialist.

The veterans passed a resolution

Wednesday giving Cochrane the title "in appreciation of his many years of service" to the organization.

The resolution was passed in the final business session of the veterans' five-day convention.

Cultural Resources Are Institute Topic

UNIVERSITY PARK, Pa. (AP)

—New methods of rediscovering cultural resources were discussed today at the 1958 Institute of Pennsylvania Life and Culture.

The six-day seminar, held at Pennsylvania State University, is sponsored by the State Historical and Museum Commission and the State Federation of Historical Societies.

Ernest E. Doerschuk of the state library, Harrisburg, Wednesday urged the teachers, librarians and historians to promote the collection of local literature.

Such collections not only turn up cultural treasures, he said, but also foster more cultural activity and awareness of local culture.

"MIGHTY MAC" IS DEDICATED BY MICHIGAN

STRaits of MACKINAC BRIDGE, Mich. (AP) — Michigan started a solid 72 hours of merrymaking today as it dedicated the world's longest and costliest suspension bridge.

With parades and fireworks, thousands touched off the three-day celebration at the Straits of Mackinac, where the new bridge for the first time since the Ice Age.

Star of the show is "Mighty Mac" — the five-mile-long bridge joining Michigan's two peninsulas built in 3½ years at a cost of 100 million dollars.

Its 7,400-foot suspension span is

longer than any other in the world.

The bridge connects Michigan's two peninsulas at a point where the Straits of Mackinac join Lakes Michigan and Huron.

Open for business since the start of the deer hunting season last Nov. 1 (minimum fee, \$3.25 one way), the bridge has awaited warm weather and tourists for its formal dedication.

UNANSWERED QUESTION

NEW YORK (AP) — There is one point about her first Broadway role which Anne Bancroft says she won't be able to explain for a long time.

"People ask how much of my portrayal is acting and how much is me," says the newcomer who is stunning audiences in "Two for the Seesaw."

"That's a very serious question. I guess I won't know until after the show is finished and I can appraise it all from a distance."

Young Boy Drowns; Fell Off Wall Fishing

LEBANON, Pa. (AP) — A 13-year-old Lebanon boy drowned near here Wednesday during a fishing trip with two companions.

Police said Robert Broesman drowned after he fell off a wall at Stoever's dam. The companions, Roger Klase, 13 and Thomas Kaley, 10, both of Lebanon, ran for help but searchers were unable to recover the body for almost an hour.

RECORD RUN

SAN DIEGO, Calif. (AP) — Carlos Delgado, a Peruvian, said that for six months after arriving here he thought the "Smoking In The Balcony" sign on a movie theater marquee was the name of a picture having a long run. He said he was still planning to see it sometime when he learned what it really meant.

EXTENSION CLUB PLANS BARBECUE SEPTEMBER 27

Committees for the annual chicken barbecue to be held by the Adams County Senior Extension Club September 27 at the Bendersville fire hall were named by President Carroll Spence at a meeting of the Senior Extension unit at Bendersville Thursday night.

Carol Kessel will be chairman of the purchasing committee and Nadine Reinecker will have charge of the dining room for the event.

It was announced that Mrs. Marion Culp, Arendtsville, will make the dresses to be used by the group going to Pennsylvania State University for a square dancing festival August 23.

Camp-out Planned

Tentative plans were announced for the fall "camp-out" to be held August 29 through 31 at Camp Tuckahoe, near Diltsburg.

An invitation was received from the Lancaster County Senior Extension Club to join that group at a beach party at Riverside, Md., July 13.

Ruth Gordon, summer assistant extension home economist, and Duane Duncan, new assistant county agent, were introduced.

Square Dancers Meet

Plans were made for a square dance at Danceland Ranch tonight, with those planning to attend to meet at Don's Diner at 8:15 o'clock tonight.

Janet Bretzman reported on plans for the float to be entered by the group in the July 4 parade here.

On a vote, the club decided to retain the last Thursday night of the month as the date for their regular meetings.

Forty-four members attended the session which opened with softball playing on the Bendersville diamond and closed with a wiener roast.

LOCAL YOUTHS AT ROTC CAMP

Two local youths, John W. Mickley, Jr., son of Mr. and Mrs. John W. Mickley, Gettysburg R. 2, and Lee Patrick Irvin, son of Mr. and Mrs. John Irvin Jr., 134 Water St., have begun their duties at Fort Meade, Md., in the Second U. S. Army ROTC summer encampment.

Encampment cadets represent 26 colleges and universities and will serve as platoon leaders, company and battle commanders, etc., during the six weeks program. They will receive training of a practical nature to back up the theoretical instruction already received in college classes.

All students will be allowed to fire many of the Army's weapons and learn how to employ weapons under field conditions. Training will be supervised by experienced Army officers and noncoms who are, in most cases, instructors of military science and tactics at colleges or universities.

Irvin is a student at Gettysburg College, and Mickley is attending Penn State.

PA. VALUES AT ALL-TIME HIGH ON REAL ESTATE

HARRISBURG (AP)—The State Tax Equalization Board reported today real estate values are at an all-time high in Pennsylvania.

In its annual report on market value of taxable real estate property, the board said the 1957 figure is \$31,301,270,700, an increase of more than 212 millions over 1956. The boost amounts to four per cent.

At the same time, the board noted that the number of real estate transfers declined last year in contrast to the previous year. There were 197,243 properties sold in 1957 compared to the record high figure of 221,000 in 1956.

The board's report is intended as an indication of the wealth of school districts to be used in part for determining state school aid. It has nothing to do with levying local taxes. They are based on assessed values rather than actual market values.

The increase in total state market values, the board said, was due primarily to new construction being added to local tax rolls.

Other reasons accounting for changes in the market values of individual school districts were depletion of natural resources, raising of buildings, transfers of property to and from the tax-exempt rolls, formation of union districts, annexations, local economic conditions and other factors.

Centre and York counties reported the lowest percentage of assessed valuation to market value. The Centre County figure was 18.1 per cent and York County, 19.7.

The highest percentages were turned in by Fulton County at 68.9 per cent; Philadelphia, 61.6 per cent, and Clearfield County, 61.4 per cent.

The statewide average was 39.5 per cent.

Explorer III Due To Expire Today After 32 Million Miles

HUNTSVILLE, Ala. (AP)—Explorer III is due to expire today. The Army said it has performed above and beyond expectations.

Some time late today the 31-foot, 80-inch tube will descend into the earth's atmosphere and disintegrate. It will burn in the intense heat caused by friction, for it was not designed to take such punishment.

The satellite, launched March 26 at Cape Canaveral, Fla., transmitted more complete information on cosmic rays than was thought possible.

Four separate signals were transmitted from Explorer III. They told scientists about the temperature and the frequency of meteorites and cosmic rays.

The Army says scientists now know that cosmic radiation at higher altitude is considerably more intense than had been anticipated.

Scientists also learned from the two Explorers that man can control the temperature of space vehicles to that easily acceptable for human survival.

As time wore on, it was drawn closer to the earth's atmosphere. Army scientists estimated that atmospheric drag would finally cause its destruction late today. It will have traveled more than 32 million miles.

When and where this destruction will come is not known. The

U.S. Jet Tankers Smash New York To London Record By Traveling 3,337 Miles In 5 Hrs., 22 Min.

By JAMES F. KING
BRIZE NORTON AIR BASE, England (AP)—A U.S. Air Force jet tanker set down at this Oxfordshire air base today after making the fastest-ever New York to London transatlantic flight.

It's time for the 3,337-mile flight: 8 hours 22 minutes 29.68 seconds.

It was followed by a second huge KC135 Stratotanker which also flashed over London in faster time than any previous mark for the route.

3rd Plane Crashes

The tankers had planned to take off on a London to New York record attempt after a brief stopover here. This plan was abandoned because a third tanker in the flight crashed today as it was taking off from Westover Air Force Base in Massachusetts, killing 15 persons.

The Pentagon in Washington said the first tanker was clocked over New York at 12:29:37.8, EDT, and then over London at 5:52:7.48, EDT.

Average speed was about 644 miles per hour.

Beats British Record

The previous New York to London record of 6 hours 16 minutes was set by a Royal Air Force Canberra bomber in August 1955.

Total elapsed time of the first tanker from takeoff at Westover to its setdown at Brize Norton was 8 hours 34 minutes.

A U.S. Air Force spokesman said the flight was being made to demonstrate the Air Force's capability to send high-performance jet tanker aircraft to strategic points anywhere in the world.

Set For Airlines

The Stratotankers are the military version of the Boeing 707 jet airliner, which is scheduled to go into transatlantic commercial service next year. The commercial type will carry up to 147 passengers or 25 tons of cargo.

Members of the crew of the first tanker said they did not learn of the crash until they reached Britain.

Col. Harry Burrell, the 40-year-old flight commander from Omaha, Neb., who rode in the first tanker, told a reporter:

"We had no news of the crash until we landed. I can't imagine what caused it. To my knowledge that is the first one of these planes that ever crashed."

The first plane was piloted by Maj. Buri B. Davenport of San Antonio, Tex.

The official time of the second tanker was 5 hours 29 minutes 37 seconds, and its average speed was 626.5 miles an hour.

Daughter Of Hero Of Battle Here Dies

Mrs. Mary Hartshorne Norris, 93, mother-in-law of Dauphin County Judge Walter R. Sohn, of Harrisburg and formerly of Clearfield, died Tuesday in a Harrisburg hospital.

Mrs. Norris was the widow of Lewis Crate Norris and a daughter of Brig. Gen. and Mrs. William Ross Hartshorne. Her father, a Civil War officer, was the sole surviving line officer of the famed Pennsylvania Bucktail Regiment in the Devil's Den and Peach Orchard battles at Gettysburg.

She was a member of the Clearfield Presbyterian Church and the Susquehanna Chapter, Daughters of the American Revolution, Clearfield. She was a graduate of the old Tuscarora Academy, a former Presbyterian school at Academia, Juniata County.

Services were at Harrisburg on Thursday with the Rev. Joseph G. Kane, pastor of Westminster Presbyterian Church, officiating.

Weather Forecast

Extended forecast for Saturday, June 28, through Wednesday, July 2.

Eastern Pennsylvania, eastern New York and Midatlantic states: Temperatures will average 4 to 8 degrees below normal. Cool over weekend, warming trend Tuesday and Wednesday. Showers about Tuesday may total 1/2 inch.

Western Pennsylvania, western New York and West Virginia: Temperatures will average 4 to 8 degrees below normal, cool over weekend, warming trend Tuesday and Wednesday. Scattered showers Sunday and about Tuesday may total 1/2 inch.

JOE GORDON TO BE NEW PILOT FOR CLEVELAND

By CHARLES R. BORNICK
CLEVELAND (AP)—Joe Gordon, former star second baseman for the New York Yankees and Cleveland Indians, flew here today to take over as manager of the Indians for tonight's game with Baltimore.

General Manager Frank Lane announced Thursday night he had fired Bobby Bragan and hired Gordon for the rest of this season and for 1959.

"We are making this change with the hope that there will be a general improvement in the club," he explained.

Joe Is "Thrilled"

Gordon, 43, an insurance salesman in Sacramento, Calif., since he left baseball after piloting San Francisco to a Pacific Coast League pennant last year, said he was "excited and thrilled" to take the job.

Lane said the decision to fire Bragan was made in the last few days and resulted from a "succession of little things."

He refused to pinpoint any one thing that led to the change, but he has been openly critical of Bragan's platooning, his constant efforts to find a place for rookie outfielder Gary Geiger in the line-up and his handling of some pitchers.

Hired By Greenberg

Bragan was hired as manager by Hank Greenberg, Lane's predecessor, at the end of last season to succeed Kerby Farrell. He was informed of his dismissal shortly after the Indians lost 2-1 to the Boston Red Sox.

Bragan admitted the bad news hit him as a surprise, but he voiced no bitterness. In fact, he had only words of praise for Lane as a general manager.

Gordon played for the Yankees and Indians from 1938-50 and was a member of the Tribe's world championship team in 1948.

The 40-year-old Bragan began his managerial career with Fort Worth in the Texas League in 1943 after playing with Philadelphia and Brooklyn in the National League. He piloted the Pittsburgh Pirates to a seventh-place finish in the National League in 1956, but was fired as manager of the Pirates in midseason last year.

ROUND TABLE

(Continued From Page 1)

General McClellan at the time of the battle of Antietam was "probably one of the few commanders in history to be so fortunate as to have the entire plans of his enemy in his possession. The plans had been found by an Indiana soldier wrapped around three cigars. History does not record what became of the cigars — probably the soldier smoked them, but the plans showed their way to General McClellan and the Army of the Potomac started out to attack Lee at a time when his troops were divided.

"Lee had started his first invasion of the North. He had just defeated the Union Army at the Second Battle of Bull Run August 28 to 30, 1862, and had decided to head north before the Union forces could recover from their disastrous defeat. McClellan, who had pulled the Union Army together again, started in pursuit of Lee.

Battle Has Two Names

On September 14, 1863, Lee attempted to block the passes of South Mountain but McClellan's forces broke through and Lee continued west. September 15, Longstreet's forces were placed in position through the town of Sharpsburg and Jackson's troops to the north of the town, while McClellan's forces were along the Antietam Creek. September 16 little action took place and on September 17 the one-day battle took place.

The Confederates called the battle Sharpsburg after the town and the Union forces called it Antietam after the stream. Superintendent Doust explained: "No one knows why this is true. Throughout most of the war the Confederates called the battles after towns, the Union forces after streams or other natural features.

Some think it was because the southerner soldiers were mostly from small towns or country boys and any town seemed important to them. The Northerners to a larger extent were city men and small towns meant little to them, but streams or mountains were important."

To Visit Pipe Creek

R. L. Lagermann, historian for the park, conducted the group on a tour of the field and pointed out, among other sites, the farm where Clara Barton assisted in care of the wounded and the statue to Sergeant William McKinley of Ohio—who later became President of the United States.

Dr. R. L. Bloom told of plans for a Civil War seminar at Gettysburg College in August and plans for the Civil War conference at the college here in November.

Secretary J. M. Sheads announced that the local group will tour Pipe Creek under direction of Dr. Frederick Tilberg for its July meeting.

the planning, financing and contracting for the new wing of the hospital." It was noted that he presided over many board and executive committee meetings and personally attended district and state hospital conferences.

Bankert Gives Report

Bankert's report as president reflected a busy year which he described as a "pleasure and one characterized by the closest kind of collaboration of all officers, directors, committee chairmen and committee members."

"I would be remiss," he added, "where I fail to take particular note of the work of 'Dick' Brown and Mrs. John S. Teeter, as co-chairman of our successful building fund campaign, and of Mr. and Mrs. Perini, chairman of the campaign committee. John Hauser's service as chairman of the new building committee also calls for special mention. He is an indefatigable worker in behalf of the hospital and his service during the year in the intricate details of planning the new wing was invaluable.

Franklin Bigham's handling of the large details of the contracts must come in for special thanks. Whatever success we achieved this year is due to the fine work of all and I am indebted to too many to mention."

Praises Auxiliary

The retiring president expressed his thanks to his predecessor in office, Richard Livingston, New Oxford, "who gave willing help and guidance."

In concluding his report, Bankert described the Women's Auxiliary as "our hospital's greatest asset."

"It is impossible," he said, "for anyone to evaluate the service of

U.S. Jet Tankers Smash New York To London Record By Traveling 3,337 Miles In 5 Hrs., 22 Min.

By JAMES F. KING
BRIEZE NORTON AIR BASE, England (AP)—A U.S. Air Force jet tanker set down at this Oxfordshire air base today after making the fastest-ever New York to London transatlantic flight.

At time for the 3,337-mile flight: 5 hours 22 minutes 29.68 seconds.

It was followed by a second huge KC135 Stratotanker which also flashed over London in faster time than any previous mark for the route.

3rd Plane Crashes

The tankers had planned to take off on a London to New York record attempt after a brief stopover here. This plan was abandoned because a third tanker in the flight crashed early today as it was taking off from Westover Air Force Base in Massachusetts, killing 15 persons.

The Pentagon in Washington said the first tanker was clocked over New York at 12:29:37.6, EDT, and then over London at 5:52:7.48, EDT.

Average speed was about 644 miles per hour.

Beat British Record

The previous New York to London record of 6 hours 16 minutes was set by a Royal Air Force Canberra bomber in August 1955.

Total elapsed time of the first tanker from takeoff at Westover to its setdown at Brize Norton was 6 hours 34 minutes.

A U.S. Air Force spokesman said the flight was being made to demonstrate the Air Force's capability to send high-performance jet tanker aircraft to strategic points anywhere in the world.

Set For Airlines

The Stratotankers are the military version of the Boeing 707 jet airliner, which is scheduled to go into transatlantic commercial service next year. The commercial type will carry up to 147 passengers or 25 tons of cargo.

Members of the crew of the first tanker said they did not learn of the crash until they reached Britain.

Col. Harry Burrell, the 40-year-old flight commander from Omaha, Neb., who rode in the first tanker, told a reporter:

"We had no news of the crash until we landed. I can't imagine what caused it. To my knowledge that is the first one of these planes that ever crashed."

The first plane was piloted by Maj. Burl B. Davenport of San Antonio, Tex.

The official time of the second tanker was 5 hours 29 minutes 37 seconds, and its average speed was 626.5 miles an hour.

Daughter Of Hero Of Battle Here Dies

Mrs. Mary Hartshorne Norris, 93, mother-in-law of Dauphin County Judge Walter R. Sohn, of Harrisburg and formerly of Clearfield, died Tuesday in a Harrisburg hospital.

Mrs. Norris was the widow of Lewis Crate Norris and a daughter of Brig. Gen. and Mrs. William Ross Hartshorne. Her father, a Civil War officer, was the sole surviving line officer of the famed Pennsylvania Bucktail Regiment in the Devils Den and Peach Orchard battles at Gettysburg.

She was a member of the Clearfield Presbyterian Church and the Susquehanna Chapter, Daughters of the American Revolution, Clearfield. She was a graduate of the old Tuscarora Academy, a former Presbyterian school at Academia, Juniata County.

Services were at Harrisburg on Thursday with the Rev. Joseph G. Kane, pastor of Westminster Presbyterian Church, officiating.

Weather Forecast

Extended forecast for Saturday, June 28, through Wednesday, July 1.

Eastern Pennsylvania, eastern New York and Midatlantic states: Temperatures will average 4 to 8 degrees below normal. Cool over weekend, warming trend Tuesday and Wednesday. Showers about Tuesday may total 1/2 inch.

Western Pennsylvania, western New York and West Virginia: Temperatures will average 4 to 8 degrees below normal, cool over weekend, warming trend Tuesday and Wednesday. Scattered showers Sunday and about Tuesday may total 1/2 inch.

JOE GORDON TO BE NEW PILOT FOR CLEVELAND

By CHARLES R. HORNICK
CLEVELAND (AP)—Joe Gordon, former star second baseman for the New York Yankees and Cleveland Indians, flew here today to take over as manager of the Indians for tonight's game with Baltimore.

General Manager Frank Lane announced Thursday night he had fired Bobby Bragan and hired Gordon for the rest of this season and for 1959.

"We are making this change with the hope that there will be a general improvement in the club," he explained.

Joe Is "Thrilled"

Gordon, 43, an insurance salesman in Sacramento, Calif., since he left baseball after piloting San Francisco to a Pacific Coast League pennant last year, said he was "excited and thrilled" to take God for giving me . . . this paradise come true.

EXTENSION CLUB PLANS BARBECUE SEPTEMBER 27

Committees for the annual chicken barbecue to be held by the Adams County Senior Extension Club September 27 at the Bendersville fire hall were named by President Carroll Spence at a meeting of the Senior Extension unit at Bendersville Thursday night.

Carol Kessel will be chairman of the purchasing committee and Nadine Reinecker will have charge of the dining room for the event.

It was announced that Mrs. Marion Culp, Arendtsville, will make the dresses to be used by the group going to Pennsylvania State University for a square dancing festival August 23.

Camp-out Planned

Tentative plans were announced for the fall "camp-out" to be held August 29 through 31 at Camp Tuckahoe, near Dilisburg.

An invitation was received from the Lancaster County Senior Extension Club to join that group at a beach party at Riverside, Md., July 13.

Ruth Gordon, summer assistant extension home economist, and Duane Duncan, new assistant county agent, were introduced.

Square Dancers Meet

Plans were made for a square dance at Daneland Ranch tonight, with those planning to attend to meet at Don's Diner at 8:15 o'clock tonight.

Janet Brezman reported on plans for the float to be entered by the group in the July 4 parade here.

On a vote, the club decided to retain the last Thursday night of the month as the date for their regular meetings.

Forty-four members attended the section which opened with softball playing on the Bendersville diamond and closed with a wiener roast.

LOCAL YOUTHS AT ROTC CAMP

Two local youths, John W. Mickley, Jr., son of Mr. and Mrs. John W. Mickley, Gettysburg R. 2, and Lee Patrick Irvin, son of Mr. and Mrs. John Irvin Jr., 134 Water St., have begun their duties at Fort Meade, Md., in the Second U. S. Army ROTC summer encampment.

Encampment cadets represent 26 colleges and universities and will serve as platoon leaders, company and battle commanders, etc., during the six weeks program. They will receive training of a practical nature to back up the theoretical instruction already received in college classes.

All students will be allowed to fire many of the Army's weapons and learn how to employ weapons under field conditions. Training will be supervised by experienced Army officers and noncoms who are, in most cases, instructors of military science and tactics at colleges or universities.

Irvin is a student at Gettysburg College, and Mickley is attending Penn State.

PA. VALUES AT ALL-TIME HIGH ON REAL ESTATE

HARRISBURG (AP)—The State Tax Equalization Board reported today real estate values are at an all-time high in Pennsylvania.

In its annual report on market value of taxable real estate property, the board said the 1957 figure is \$31,301,370,700, an increase of more than \$12 million over 1956. The boost amounts to four per cent.

At the same time, the board noted that the number of real estate transfers declined last year in contrast to the previous year. There were 197,243 properties sold in 1957 compared to the record high figure of 221,000 in 1956.

The board's report is intended as an indication of the wealth of school districts to be used in part for determining state school aid. It has nothing to do with levying local taxes. They are based on assessed values rather than actual market values.

The increase in total state market values, the board said, was due primarily to new construction being added to local tax rolls.

Other reasons accounting for changes in the market values of individual school districts were depletion of natural resources, razings of buildings, transfers of property to and from the tax-exempt rolls, formation of union districts, annexations, local economic conditions and other factors.

Centre and York counties reported the lowest percentage of assessed valuation to market value. The Centre County figure was 18.1 per cent and York County, 19.7.

The highest percentages were turned in by Fulton County at 68.9 per cent; Philadelphia, 61.6 per cent, and Clearfield County, 61.4 per cent.

The statewide average was 39.5 per cent.

Laughton Playing Drunk Ejects Souse

LONDON (AP)—Actor Charles Laughton, who plays a drunken father in his current stage offering, Thursday night had a customer thrown out who was sozzled for real.

Shortly after the start of the last scene of the play—aptly titled "The Party"—a man in the orchestra started shouting.

Laughton called for the curtain to come down. "We will have that troublesome fellow out," he said.

The man was escorted to the door.

Laughton then carried on with the scene.

STOCKS EDGE UP

NEW YORK (AP)—The stock market moved ahead to moderate gains this afternoon in the heaviest trading of the week.

Industrials and rails advanced

irregularly, the gains mainly fractional.

Scattered losses appeared in various sections of the list.

Lower-priced, speculative issues

continued in the forefront. A number of stocks were traded

heavily due to special corporate developments. An unusual number of big blocks changed hands in early trading.

copal church, Washington D. C., took place at the United States Naval Medical Center, Bethesda,

Today's Talk

ON EATING ALONE

I don't see very many unhappy people in a dining room. In the first place, people go to a dining room to eat, and the pleasanter it is, the happier they will be. Healthier, too, for one's health depends a great deal on how we eat, what we eat, and how happy we are when we do eat! People should be in their happiest mood when they eat, if they are not they are almost sure to pay penalties. Never eat when you are angry, or disturbed, or when you are unhappy. If you eat in a place where many dine you will lose much of your loneliness.

I like a well-filled dining room in which to eat. I like to study the faces of the diners. You can easily pick out the happy ones. The single diners do not long linger after their appetite has been appeased. I always think that such people want to lose their loneliness as soon as possible. There is at least one advantage to eating alone and that is that you can do more thinking. But how thrilling to meet friends, unexpectedly, in a strange dining room.

Nothing is more exciting and appetite-stimulating than to meet a friend in a dining room far from home. It is then that loneliness takes a leap to parts unknown! Eating alone brings back many memories as we sit silently eating and thinking. And then good friend has discovered us, making the meal more enjoyable than ever! How often we are called upon to part from a beloved eating companion. The world then seems so empty and cold.

The greatest aid to the digestion of food is a congenial and happy guest.

Tomorrow Mr. Adams will talk on the subject: "Learn to Walk Past Failure."

SHE SAID GOODBY

She said goodby
And then she stopped
And once more in a chair
She dropped:
"Oh, by the way."
She said, "I'm told
The Upstairs' auto
Will be sold;
He lost his place —
Such things occur.
I'm sorry, though,
Poor thing, for her."

She said goodby
Once more, and then
Began to gossip
All again.

She thought of news
And scandal, too,
Some of it false,

A little true.
Much trouble women
Would prevent

If when they said
Goodby, they went.

TED WILLIAMS FAILS TO MAKE STARTING LIST FOR ALL-STARS

SP And PM Loops Have Nine Games During Weekend

A doubleheader Sunday afternoon at Greenmount with second-place Jefferson highlights the five-game schedule in the South Penn League this weekend. The twin bill is the result of moving up the twilight game originally scheduled for July 30. The first game will start at 1 o'clock.

Other games Sunday will include Ardensville at Huntingdon, Brushtown at Mummasburg, and Harney at Bonneauville.

Pen-Mar Games

The Pen-Mar weekend schedule opens tonight at 8 o'clock with an arclight game at Littlestown where Union Bridge will be the visiting team.

Sunday's games are: Fairfield at Taneytown, Emmitsburg at Blue Ridge Summit, and Hanover at Cashtown.

Three Box Starters

Pittsburgh placed three starters on the National League side where only Stan Musial of St. Louis, Willie Mays of San Francisco, and Hank Aaron of Milwaukee are repeaters from the 1957 lineup.

Only Mickey Mantle of the New York Yankees and Nelson Fox of the Chicago White Sox were named from the 1957 starters in the American, which will be missing such familiar names as Yogi Berra, of New York, Harvey Kuenn, and Al Kaline of Detroit and Williams.

The result of the voting was announced by Baseball Commissioner Ford Frick at a press conference after Frank Slocum of the commissioner's office had toured the majors, distributing and collecting the ballots. He reported 235 votes in the American and 231 in the National.

Musial Heavy Favorite

Musial, who will be playing his 15th All-Star Game, received 201 of the 231 votes.

Top man in the American League was Boston's Frank Malzone at third base, with 186 votes.

Williams, batting only .299, gave way to Bob Cerv, the thumping left fielder of the Kansas City Athletics who has been leading the league in runs batted in and home runs most of the time.

Closest Fight

The closest fight was for second base in the American, where Fox nosed out Gil McDougald of the Yankees 108-104.

The old order really was upset in the American with Bill Skowron of the Yanks on first base despite Mickey Vernon's league-leading batting average at Cleveland. Luis Aparicio of Chicago took over at shortstop with Kuenn, the usual tenant, shifting to center where he finished behind the Yanks' Mickey Mantle.

Jackie Jensen of Boston, who had been battling with Cerv for the home run title, ousted Detroit's Al Kaline from right field.

Banks By Landslide

Baltimore's Gus Triandos beat out both Sherman Lollar of Chicago and Berra for the catching job.

In the National League, Ernie Banks of Chicago won by a landslide at shortstop with 184 votes to 16 for Milwaukee's Johnny Logan. Frank Thomas of Pittsburgh beat out Milwaukee's Eddie Mathews for third base. Another favorite, Bill Mazeroski, was picked for second.

Mays won center field with 195 votes.

Aaron also was an easy winner in right field. Bob Skinner of the Pirates was a surprising winner in left.

Milwaukee's Del Crandall was tabbed for catcher.

DODGERS BEAT BRAVES WHILE CARDS NIP BUCS

By ED WILKS

Associated Press Sports Writer

Well, look who ain't dead! Those Los Angeles Dodgers are breathing again, winning five of their last six in a drive to quit the cellar and extending their whammy over Milwaukee's National League champs to eight straight.

Right-hander Don Drysdale, the hoped-for ace who lost seven of his first eight decisions, has won two in a row for the first time this season.

He finally bagged his second complete game as the Dodgers beat the Braves 4-1 Thursday night.

Four-game Sweep

The second-place St. Louis Cardinals kept rolling, beating Pittsburgh 6-2 for a four-game sweep against the Pirates and a six-game winning streak. That kept them .004 percentage points ahead of the San Francisco Giants, who won two in a row for the first time in a month with a 5-1 victory at Cincinnati.

The Giants scored a run in the first with the help of an error, then cracked a 1-1 tie with four in the eighth, capped by Orlando Cepeda's two-won 15th home run. Johnny Antonelli won his eighth. Harvey Haddix lost his fourth.

The Cards, who have come from behind in five games during the streak, did it again. An error by Bob Skinner opened the way for three runs in the seventh as Ken Boyer tripled and Gene Green, Curt Flood and Hobie Landrith followed with singles off loser Vern Law (7-5). Lindy McDaniel won his fourth.

Gettysburg Little League

Fleetfooted Roy "Lefty" Fairman was the main factor in the Glenn L. Bream's 3-2 extra inning win over the Lions in a Little League engagement, Thursday evening.

In the bottom of the sixth with one run in, two out, a 3-2 count on the batter, runners on second and third, Fairman watched for the pitcher to turn his back and in a split second streaked home from third with the game-tying run.

As the contest went into the seventh frame, the Breammen retired the Lions in the top half of the inning. Bream's first two batters grounded out and struck out, respectively. Bob totes got on base via an infield miscue. Fairman then drove a line double to deep left field placing runners on second and third. An infield error allowed Charlie Sleichter to take first and Stokes came romping home with the winning run.

The fans were treated to a real pitchers' duel by the four hurlers. Both Britcher started for the Lions, giving up five hits, one run, and tossed only 52 pitches in five innings. Britcher began to tire in the top of the sixth and Doug Apper, recovering from an operation, came on relief to strikeout four men in a row before running into the disastrous seventh. Both men showed perfect control. Rich Jones, went the six innings for the Breammen and tossed 62 pitches missing the record by only two. He didn't allow any walks, struck out four and gave up four hits. His replacement in the seventh, Charlie Sleichter, retired the side in order on two strikeouts and a pop-up.

The Lions took a 2-0 lead in the fourth. Dan King and Gene Schultz singled and Don Baker grounded out, advancing the runners. Bill Lutz, playing his first Little League game after being called up from the minors on Tuesday, lashed a single to center scoring King. Shultz doubled on a passed ball. A snappy double play, Harold Weikert to Mike Treas, ended the scoring threat.

The Bream outfit came back in the bottom of the sixth to knot the count at 2-2 on fine clutch-hitting by Roy Fairman and Charlie Sleichter.

Fairman and King paced their respective teams at the plate with a pair of hits each. Both relievers get the decision. Apper is charged with the loss while Sleichter receives credit for the win.

TED WILLIAMS FAILS TO MAKE STARTING LIST FOR ALL-STARS

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—Ted Williams failed to make the starting lineup for the July 8 All-Star Game today in the team selected for the first time by the major league players, coaches and managers.

The 39-year-old Boston Red Sox slugger who has played 13 previous All-Star Games undoubtedly will be named to the squad for the Baltimore contest when the managers announce the remainder of their 25-man teams Sunday.

"Well, I didn't expect to make it. I haven't been going too well," Williams said in Detroit, where the Red Sox play tonight.

Three Buc Starters

Pittsburgh placed three starters on the National League side where only Stan Musial of St. Louis, Willie Mays of San Francisco and Hank Aaron of Milwaukee are repeaters from the 1957 lineup.

Only Mickey Mantle of the New York Yankees and Nelson Fox of the Chicago White Sox were named from the 1957 starters in the American, which will be missing such familiar names as Yogi Berra, of New York, Harvey Kuenn and Al Kaline of Detroit and Williams.

The result of the voting was announced by Baseball Commissioner Ford Frick at a press conference after Frank Slocum of the commissioner's office had toured the majors, distributing and collecting the ballots. He reported 235 votes in the American and 231 in the National.

Musial Heavy Favorite

Musial, who will be playing his 15th All-Star Game, received 201 of the 231 votes.

Top man in the American League was Boston's Frank Malzone at third base, with 186 votes.

Williams, batting only .299, gave way to Bob Cerv, the thumping left fielder of the Kansas City Athletics who has been leading the league in runs batted in and home runs most of the time.

Closest Fight

The closest fight was for second base in the American, where Fox beat out Gil McDougald of the Yankees 108-104.

The old order really was upset in the American with Bill Skowron of the Yanks on first base despite Mickey Vernon's league leading batting average at Cleveland. Luis Aparicio of Chicago took over at shortstop with Kuenn, the usual tenant, shifting to center where he finished behind the Yanks' Mickey Mantle.

Jackie Jensen of Boston, who had been battling with Cerv for the home run title, ousted DeMott's Al Kaline from right field.

Banks By Landside

Baltimore's Gus Triandos beat out both Sherm Lollar of Chicago and Berra for the catching job.

In the National League, Ernie Banks of Chicago won by a landslide at shortstop with 184 votes to 16 for Milwaukee's Johnny Logan. Frank Thomas of Pittsburgh beat out Milwaukee's Eddie Mathews for third base. Another Pirate, Bill Mazeroski, was picked for second.

Mays won center field with 195 votes.

Aaron also was an easy winner in right field. Bob Skinner of the Pirates was a surprising winner in left.

Milwaukee's Del Crandall was tabbed for catcher.

Cubs 25; Giants 2
Today's Games
Giants vs. Tigers, 1:30
Yankees vs. Cubs, 6:15 (Rec.)

The Cubs scored in every inning, including 11 times in the sixth, to crush the Giants 25-2 in a Minor League game Thursday at Keefauver field.

D. Knox and C. Tipton led the winners with three hits each. The four hits secured by the Giants were won by four different players.

Gettysburg Little League

Fleetfooted Roy "Lefty" Fairman was the main factor in the Glenn L. Bream's 3-2 extra inning win over the Lions in a Little League engagement, Thursday evening.

In the bottom of the sixth with one run in, two out, a 3-2 count on the batter, runners on second and third, Fairman watched for the pitcher to turn his back and in a split second streaked home from third with the game-tying run.

As the contest went into the seventh frame, the Breammen retired the Lions in the top half of the inning. Bream's first two batters grounded out and struck out, respectively. Bob tokes got on base via an infield miscue. Fairman then drove a line double to deep left field placing runners on second and third. An infield error allowed Charlie Sleichter to take first and Stoker came romping home with the winning run.

The fans were treated to a real pitchers' duel by the four hurlers. Bob Britcher started for the Lions, giving up five hits, one run, and tossed only 52 pitches in five innings. Britcher began to tire in the top of the sixth and Doug Appler, recovering from an operation, came on in relief to strikeout four men in row before running into the disastrous seventh. Both men showed perfect control. Rick Jones, went the six innings for the Breammen and tossed 62 pitches missing the record by only two. He didn't allow any walks, struck out four and gave up four hits. His replacement in the seventh, Charlie Sleichter, retired the side in order on two strikeouts and a pop-up.

The Lions took a 2-0 lead in the fourth. Dan King and Gene Schultz singled and Don Baker grounded out, advancing the runners. Bill Lutz, playing his first Little League game after being called up from the minors on Tuesday, lashed a single to center scoring King. Shultz tallied on a passed ball. A snappy double play, Harold Weikert to Mike Treas, ended the scoring threat.

The Bream outfit came back in the bottom of the sixth to knot the count at 2-2 on fine clutching by Roy Fairman and Charlie Sleichter.

Fairman and King paced their respective teams at the plate with a pair of hits each. Both relievers get the decision. Appler is charged with the loss while Sleichter receives credit for the win.

The Breammen won the game 3-2.

The Binghamton-Springfield and Williamsport-Albany games were rained out.

DODGERS BEAT BRAVES WHILE CARDS NIP BUCS

By ED WILKS

Associated Press Sports Writer
Well, look who ain't dead! Those Los Angeles Dodgers are breathing again, winning five of their last six in a drive to quit the cellar and extending their whammy over Milwaukee's National League champs to eight straight.

Right-hander Don Drysdale, the hope-for ace who lost seven of his first eight decisions, has won two in a row for the first time this season.

He finally bagged his second complete game as the Dodgers beat the Braves 4-1 Thursday night.

Four-game Sweep
The second-place St. Louis Cardinals kept rolling, beating Pittsburgh 6-2 for a four-game sweep against the Pirates and a six-game winning streak. That kept them .003 percentage points ahead of the San Francisco Giants, who won two in a row for the first time in a month with a 5-1 victory at Cincinnati.

The Giants scored a run in the first with the help of an error, then cracked a 1-1 tie with four in the eighth, capped by Orlando Cepeda's two-on-15th home. Johnny Antonelli won his eighth. Harvey Haddix lost his fourth.

The Cards, who have come from behind in five games during the streak, did it again. An error by Bob Skinner opened the way for three runs in the seventh as Ken Boyer tripled and Gene Green, Curt Flood and Hobie Landrith followed with singles off loser Vern Law (7-5). Lindy McDaniel won his fourth.

FIFTEEN YEARS AGO
Couple Weds Saturday At Mc-
Knightstown: Miss Pauline L. Al-
lison, daughter of Mr. and Mrs.

John H. Allison, Gettysburg R. 3, became the bride of J. Harold Miller, son of Mr. and Mrs. J. G. Miller, Gettysburg R. 3, Saturday evening at Flohr's Lutheran Church, McKnightstown.

Heat Wave Has Full Control For
Ninth Day: Although a "good show-
er" swept portions of Adams coun-
ty Sunday afternoon, with only a
light sprinkling falling in Gettysburg,
Adams county appeared headed for
its ninth consecutive day of more
than 90 degree temperatures today.

110 Aircraft Spotters Given Certi-
ficates At Biglerville: Mrs. Claude
Miller was presented with a \$50 war
bond by the aircraft observers of
Post 262-A, Biglerville, who recently
completed a course in aircraft
recognition, at a meeting Friday
evening at the community hall in
Biglerville. Certificates were
granted to 110 observers who com-
pleted the class in aircraft recogni-
tion under Mrs. Miller, post rec-
ognition officer. The gift presented
by the members of the class who
completed the course was in ap-
preciation of Mrs. Miller's work.

Named Head Of Meat Rations:
LeRoy H. Winebrenner has been
selected chairman of the county
War Meat Committee, it was re-
vealed Friday evening at the reg-
ular meeting of the County War
board at the Farm Bureau build-
ing.

Other members of the committee
which will coordinate meat regu-
lations and act much as a rationing
board for meat include Allen
Deardorff, Cashtown; Luther Pat-
terson, Littlestown; Donald P. Mc-
Pherson Esq., chairman of the coun-
try rationing board; Prof. J. Floyd
Slaybaugh, county superintendent
of schools, and Dr. Burnell Grimm,
Hampton veterinarian.

Horse and Carriage Conveyance,
First Here In Thirty Years, Greets
Newlyweds After Nuptials: Gettys-
burg's first "horse and carriage" wedding
in three decades or more took place Saturday afternoon when
Mr. and Mrs. James H. Allison used
a 50-year-old surrey to ride from St. James Lutheran church to
the bride's residence on Springs
avenue after their marriage cere-
mony.

The groom is a son of the Rev.
and Mrs. W. M. Allison, Mt. Carmel, formerly of New Oxford. The
bride is Miss Marian L. Sheely, daughter of Mr. and Mrs. Charles
M. Sheely, Springs avenue. The
ceremony was performed by the
Rev. Mr. Allison assisted by the
Rev. Ralph R. Gresh, the bride's
pastor.

Members of the wedding party
followed in a three-seated light
spring wagon that got away from
the church after a five minute de-
lay caused by a "balky horse."

Miss Waltemeyer Joins The
WAVES: Miss Miriam Waltemeyer, who for eight years has been head
of the Latin department at Gettysburg high school, was sworn in
as a member of the WAVES in
Philadelphia. She will report at the
Mid-Atlantic Training School at
Smith college, Massachusetts, July
3 for a period of training as an
officer candidate.

J. E. Snyder Is Installed As
State SUV Head: Jessie E. Snyder,
last commander of the Gettysburg
camp of the Sons of Union Veterans
of the Civil War and a past sen-
ior vice commander of the SUV in
Pennsylvania, was elected unani-
mously to the office of department
commander of the SUV at the
annual convention in York, June 17.

Today's Talk

ON EATING ALONE

I don't see very many unhappy
people in a dining room. In the
first place, people go to a dining
room to eat, and the pleasanter it
is, the happier they will be. Healthier,
too, for one's health depends
a great deal on how we eat, what
we eat, and how happy we are
when we do eat! People should be
in their happiest mood when they
eat, for if they are not they are
almost sure to pay penalties. Never
eat when you are angry, or disturbed,
or when you are unhappy. Eating
alone is not pleasant, but if you eat in a place where many
dine you will lose much of your
loneliness.

I like a well-filled dining room
in which to eat. I like to study the
faces of the diners. You can easily
pick out the happy ones. The
single diners do not long linger
after their appetite has been ap-
peased. I always think that such
people want to lose their loneliness
as soon as possible. There is at
least one advantage to eating alone
and that is that you can do more
thinking. But how thrilling to meet
friends, unexpectedly, in a strange
dining room.

Nothing is more exciting and ap-
petite-stimulating than to meet a
friend in a dining room far from
home. It is then that loneliness
takes a leap to parts unknown!
Eating alone brings back many
memories as we sit silently eating
and thinking. And then a good
friend has discovered us, making
the meal more enjoyable than ever!
How often we are called upon
to part from a beloved eating
companion. The world then seems
so empty and cold.

The greatest aid to the digestion of
food is a congenial and happy
guest.

Tomorrow Mr. Adams will talk
on the subject: "Learn to Walk
Past Failure."

Just Folks

SHE SAID GOODBY

She said goodby
And then she stopped
And once more in a chair
She dropped:
"Oh, by the way."
Said she, "I'm told
The upstairs' auto
Will be sold;
Lost his place —
Such things occur.
I'm sorry, though,
Poor thing, for her."

She said goodby
Once more, and then
Began to gossip
All again.
She thought of news
And scandal, too,
Some of it false,
A little true.
Much trouble women
Would prevent
If when they said
Goodby, they went.

Smith Named Chief Assessor Under
New Act: Acting in compliance
with the new County Assessment
Law, the Adams county commissioners
at their meeting Wednesday named their chief clerk,
Clarence C. Smith, as chief assessor for the county and prepared
to set new assignment machinery
in action here.

The new law, which becomes effective
May 21 and affects counties from the
fourth to the eighth class, designates the county commissioners
as a "board of assessment and revision of taxes."

Tenth Of New Homes Come From Factory

Nearly one of every ten houses built in the United States this year will be a factory built home, according to reliable sources. Contrary to widely-held opinion inexpensive factory built construction can be just as high or higher in quality than the best custom building — and usually has considerably sounder workmanship than a typical development house.

There are good reasons for this. First, factory built home manufacturers must abide by housing

codes just like other builders. Thus you're protected from getting a Jerry-built home.

Moreover, the sections or panels of a factory built home must fit perfectly; otherwise, the dealer would see his profit eaten up in costs of tinkering and reshaping.

Solid Construction

All dimensions and angles must be true. The pieces get a rigid inspection before leaving the factory. With a conventional home, on the other hand, even the best of carpenters is bound to slip up now and then.

Factory built construction is solid, too. Exterior and interior wall panels have built-in stressing which adds to the strength of the whole house.

Factory built homes are inexpensive because the manufacturer buys his lumber in huge amounts, at low prices. Using an assembly line, he can turn out a product

cheaper than one put together piece by piece. Besides this, fewer costly man-hours of skilled labor are needed to assemble the structure. Prices start at about \$3,000 and range up to about \$50,000.

No Financing Problem

A further advantage of factory built homes is the variety they offer. You can have designs by top-name architects or you can draw your own designs on a manufacturer's basic plan. Also, there's a wide variety of sidings, shingles, color treatments, and other kinds of decoration from which to choose.

Financing is no problem. Representatives of many big banks say they'll lend money on factory built homes as readily as on any home due to the many design and construction values factory built homes offer.

To order a factory built home, you first choose the design you want by looking in manufacturers' catalogs and examining sample homes. You arrange your own purchase of land; then you sign a house order with a factory built home dealer.

Started Two Years Ago

Recognizing the many advantages factory built homes offer, one Gettysburg builder embarked two years ago on an exhaustive search to find the best factory built home manufacturer. He is Glenn E. Simpson, R. 4, who wound up his investigation only a few miles away in Chambersburg, where Northern Homes are manufactured. Simpson sought the Gettysburg dealership and was successful in being appointed. Since then Simpson has built and sold a considerable number of Northern Homes in the Gettysburg area and is more convinced than ever of the sound construction, superior lumber, and outstanding values in homes furnished by the leading factory built home manufacturer he represents.

Simpson readily found another advantage in Northern Homes — that this manufacturer would factory built virtually any home design, in addition to their eighty-odd basic home models. This includes varieties of changes to their basic plans to suit individual tastes and requirements — all at no premium in price.

It shouldn't be long before essentially all homes will be factory built because of their outstanding values. Henry Ford revolutionized the automobile industry; a parallel transition is now taking place in home building. Glenn Simpson is doing it in Gettysburg.

Battlefield Edge Mart Lures Tourists

Every day there is a "passing parade" in front of the Battlefield Edge Fruit Market on the Emmitsburg Rd., three miles south of Gettysburg, and some days there is a special caravan from Washington carrying the President and his family, friends and staff.

This fine eating house, famous for such specialties as seed food, country ham, choice steaks and fried chicken, is located seven miles west of Gettysburg on U. S. Route 30. An adjoining modern 17-unit motel recommends this restaurant as a fine

Many will remember the old fruit stand which stood along the old Lincoln Highway many years ago and was operated by the father of James Riggel.

For the last three generations, the Riggel family has maintained a fine fruit farm in the vicinity of Coshtown. James Riggel, member of the third generation, is a co-owner and partner at the market.

Many of these folk stop for choice mountain fruit sold at this roadside market. One of the proprietors relates the occasion on which Mrs. Richard Nixon stopped for sour cherries which happened to be out of season. She wanted to bake a cherry pie.

For the last three years, Merle Shindeldecker, formerly with Minter's in Gettysburg and Strausbaugh's Market, has been a partner with James Riggel. The strawberries, sweet corn and many other fresh farm products sold at Battlefield Edge Market come from the farm of Merle's father, in Orrtanna.

Picnic Area Too

Tourists from every state and far away Alaska stop to buy assorted homemade pickles, apple butter, jams, jellies and honey. Homemade bread from a nearby bakery is also a favorite.

A large selection of souvenirs, handmade chenille rugs and bedspreads are displayed.

A variety of unusual yard ornaments catch a tourist's eye as he drives into the market and calls attention to a shaded picnic area with tables and benches just back of the adjoining snack bar. This is opened only on weekends. Homemade potato salad, barbecues, ham-burgers, hot dogs and soft drinks are sold here.

The busiest days at Battlefield Market come during the peach season. During this time it seems that nearly all those in the daily "passing parade" stop at Battlefield Edge Market.

Eight New Refrigerator Models Shown

Eight new refrigerator models, designed with classic simplicity and modern convenience, have been introduced by Kelvinator for 1958. In sizes from the eight-cubic-foot "Space Saver" model to the 16-cubic-foot Foodarama, on display at Weishaar Brothers on Baltimore Street.

The new Kelvinator "Contemporary" line includes single and double-door models with true home freezer compartments that are separately insulated and refrigerated from fresh food compartments.

Interiors have been newly color-coded in "French Vanilla" that blends harmoniously with exterior colors of Bermuda pink, sunburst, buttercup yellow, and spring green as well as traditional white. Three models are available in color — the "Foodarama" the two-door K69H-13, and the K65H-14.

175-pound frozen food capacity. It measures less than 48 inches wide.

Design of the Foodarama, combining a vertical freezer side-by-side with a fresh food compartment, provides a huge "refrigerated pantry" with everything at finger tip convenience.

Three shelves, a full-width fruit basket and twin crispers slide out for convenience in loading and unloading. Removable egg inserts, holding one dozen eggs, slip into top door shelf. Twin "handi-chests" in door hold butter and other packaged dairy foods.

Automatically Defrosts
The U-shaped "humidiplate" at top of the fresh food compartment extends across the back and both sides to maintain the proper balance of cold and moisture. This famous Kelvinator "moist-cold" allows the homemaker to store foods without covering, and automatically defrosts items as from outside.

The separately insulated and refrigerated freezer has four ice trays and four refrigerated shelves. The remaining two shelves may be removed for storing bulky items.

Door shelves are handy for packaged ice cream in pints, quarts and half-gallons, as well as packaged frozen foods. Frozen fruit juice and soup dispensers holding up to 21 cans make it easy to use oldest foods first.

Utility bin at the bottom of freezer door is unrefrigerated, making an ideal storage area for items that need no cooling, or for freezer materials.

Two-Door 13 Cubic Feet
With a total capacity of 13.1 cubic feet, model K69H-13 provides 85 pounds of frozen food storage and 10.7 cubic feet of fresh food capacity.

The top freezer is separately insulated and refrigerated with a separate exterior door. Door shelf holds ample amount of packaged frozen foods. Ice trays in the frozen food chest are stored in a convenient removable rack.

Family-size model K65H-14 has a true home freezer across the top that stores 68 pounds of frozen food. Moist-cold fresh food compartment automatically defrosts. Four shelf areas in cabinet include two slide-out shelves and twin porcelain crispers. Door has twin egg trays and two "handi-chests" plus three shelves, two of which are extra-deep for half-gallon milk bottles.

Model K45-11 has push-bottom defrosting that resumes normal refrigerating operation automatically when defrosting is completed. It has a 10.8 cubic foot capacity. Full-width freezer holds 52 pounds of frozen food plus an additional 15 pounds in storage tray below.

Surveys show that of all the items in the daily newspaper, advertising ranks first in interest among women.

Report Trends For Industry And Business

Retailing undergoes significant changes under sharply-curtained "fair trade," according to the Wall Street Journal.

trade."

Overall, though, some retailers agree that the consumer is getting a break, with genuine price savings on many items. But he must keep his eyes peeled. Price-cutting as a steady practice, of course, can take the zing out of merchants' special sales. Antidote: Many quote more-than-usual fictionally higher "original" prices to jazz up these promotions.

Resourceful Retailers

Small retailers prove resourceful in getting along without "fair trade."

Many can't meet the price-cutting of bigger merchants and discounters. But a Columbia, S. C., appliance merchant faces the problem by expanding volume with new lines — paints, hardware, toys, sporting goods.

A smaller Dixie department store gets two others to pool buying in order to take advantage of manufacturers' volume discounts. Neighborhood merchants, in many cases, extend their night hours — to collar trade while their big downtown rivals are closed.

Inability to enforce "fair trade," not lack of belief in it, caused General Electric to drop this practice. President Paxton says: "We still hope some day to be able to give

from 1957 sales of \$5.8 million (with out the then much smaller factor of foreign car sales). Boom year, of course, was 1955 with sales of over 7 million Detroit-made products.

Auto industry experts figure that manufacturers probably can make modest profits on a 5 to 5.5 million car year in 1958. Dealers should be able to get by, too. However, such a prospect, it's felt, may mean half of the industry's presently unemployed 200,000 workers will get only spotty work in 1959.

But the experts may be guessing too low on 1959 — chastened by too big forecasts the past three years.

Public relations' changes for chemical companies? Four big corporations have retained market research and public opinion poll firms to appraise their publicity work in 1959.

Tenth Of New
Homes Come
From Factory

Near one of every ten houses built in the United States this year will be a "factory built" home according to the latest survey. Contrary to popular opinion, however, the factory built home is not just a "canned" job, but one which uses the best of materials — and usually costs considerably less than a typical de-volme home.

There are good reasons for this. First, factory built home manufacturers must spend big money

on research and development. Thus, the cost of a factory built home is lower than getting a home built from scratch.

Market sections or panels of a "kit" built home must fit together like a jigsaw puzzle. The ceiling joists, the floor joists, the exterior wall, the interior wall, the roof, etc., are all built separately and then joined together.

A carpenter's job is easier when he is not responsible for getting a house built.

Financing is no problem. Representatives of many big banks say they'll lend money on factory built homes as readily as on any home due to the many design and construction values factory built homes offer.

To order a factory built home, you first choose the design you want by looking in manufacturer's catalogs and examining sample homes. You arrange your own purchase of land, then you sign a house order with a factory built home dealer.

Started Two Years Ago

Recognizing the many advantages factory built homes offer, one Gettysburg builder embarked two years ago on an exhaustive search to find the best factory built home manufacturer. He is Glenn E. Simpson, R. 4, who wound up his investigation only a few miles away in Chambersburg, where Northern Homes are manufactured. Simpson sought the Gettysburg dealership and was successful in being appointed. Since then Simpson has built and sold a considerable number of Northern Homes in the Gettysburg area and is more convinced than ever of the sound construction, superior lumber, and outstanding values in homes furnished by the leading factory built home manufacturer he represents.

Simpson readily found another advantage in Northern Homes — that the manufacturer would factory build virtually any home design, in addition to their eighty-odd basic home models. This includes varieties of changes to their basic plans to suit individual tastes and requirements — all at no premium in price.

It shouldn't be long before essentially all homes will be factory built because of their outstanding values. Henry Ford revolutionized the automobile industry, a parallel transition is now taking place in home building. Glenn Simpson is doing it in Gettysburg.

this is no Steeple!

The Army calls it "Nike," an anti-aircraft weapon that is vital to our defense.

And you and I bought it! Yes—gladly!

Every week a part of our earnings is withheld for our nation's needs. In addition, many of us buy a bond a month to invest in America's strength. We want forever to be free. That's why we bought "Nike."

But a land born of the Pilgrim's devotion needs more than rockets to defend its soul. America needs steeples—steeples strong and sure in their upward aim! It needs steeples that call men and women to the quest for God's peace . . . that lead boys and girls in the search for God's way.

And as many as are conscious of this deep, spiritual need find joy in GIVING to our churches . . . regularly . . . generously.

Copyright 1958, The Advertiser, Gettysburg, Pa.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JORDAN RIVER—John the Baptist was, as the gospels relate, the voice of one crying in the wilderness: "prepare ye the way of the Lord, make straight His path." For several months, John had been preaching throughout Judea and proclaiming the coming of one "the lotus of whose shoes I am not worthy to stoop down and loose."

But one day, while John was baptizing in the river Jordan, that one came and asked to be baptized. In a tremendous affirmation of faith, Jesus stood in the water and was baptized by John, an incident that caused the heavens to open and the Spirit to descend like a dove.

That same spirit of Christian zeal and piety still lives in the setting where John baptized Jesus. Because the waters are deep and dangerous, only baptismal boats are used. The Catholics use a small rowboat. The Greek Orthodox Church shares with the Protestants a large boat donated by the Greek Navy.

CURB FIRING OF ROCKETS IN THIS STATE

HARRISBURG (AP)—A little warning many times goes a long, long way.

Such are the sentiments of Col. Earl J. Henry, state police commissioner, when it comes to the recent opinion by the State Justice Department allowing police to invoke the Fireworks Act to curb firing of rockets in the state.

"We have had no complaints of illegal rocket firing by juveniles or other unauthorized persons since the Justice Department spelled out the Fireworks Act," Henry told a newsman.

Had Early Problem

"Until we had the opinion from the Justice Department, I don't mind telling you, I felt we had a real problem on our hands with youngsters going around setting rockets off at random," Henry continued, adding:

"Now any rocket firing being done is under supervision and with close scrutiny by adults who see that the firing is done in a safe manner and away from any populated areas or airports."

The State Justice Department in its opinion more than two months ago said local and state police could invoke the act to regulate the firing of homemade and bought rockets which has become a fad since the launching of the space age.

Must Post Bond

Under the law, such firings of explosive matter such as rockets must be done under supervision of trained adults and only in unpopulated areas.

Violation of the act carries a maximum penalty of \$100 fine and a 90-day jail sentence.

Under the law, which Henry said is being enforced to the fullest, any group wishing to fire rockets must post a \$500 bond and receive permission from local authorities.

Sunday, July 7, is the date set for the Methodist Sunday School picnic which is being planned to be held at Caledonia.

Mr. and Mrs. Carl Yoder and children, Judy and Larry, Essex, Md., visited Saturday with his mother, Mrs. Verna Yoder.

Mr. and Mrs. Walter Tressler, son, Mark, York.

Orrtanna

ORRTANNA — Mr. and Mrs. Walter Tressler, Mrs. Margaret King, Mrs. Ruth Deardorff, Miss Pauline Deardorff and Mr. and Mrs. Guy Donaldson and daughter, Beverly, attended the annual conference of the Methodist Church held in Carlisle, Sunday.

Mr. and Mrs. Clarence Pryor and children, Larry and Gary, and Norma, Mr. and Mrs. Robert Pryor, Marion, Ohio, and Mr. and Mrs. John Swope and grandson, Steve Swope, Hagerstown, returned to their homes Monday after a week's vacation with relatives and friends in the county including Mrs. Ruth Shindeler, who is a sister of the Messrs. Pryor.

Mr. and Mrs. Paul Snyder announced the birth of a daughter June 7 at Sugar Creek, Ohio. The seven-pound daughter has been named Karen Dee. Miss Snyder is the former Miss Janet Musselman, daughter of Mr. and Mrs. Howard J. Musselman, Orrtanna. This is their first child.

Miss Joyce Musselman, another daughter of the Musselmans and a graduate of Bluffton College, Ohio, is with a number of other students from the college on a tour in Europe. In a letter to her parents, Miss Musselman reveals she is now in London, England.

She expects later to become a member of the International Work Camp where 18 different countries will be represented.

Mr. and Mrs. Tracy Wyatt had as guests during the past week her mother, Mrs. Molly Harris, and her brother-in-law and sister, Mr. and Mrs. Dwight Staley, and family, Judy, Sharon, Donald and Mary Jane, Wilkesboro, N.C.

Mr. and Mrs. Charles Gearhart and family, Thurmont, were recent visitors of Mr. and Mrs. Charles Ditzler.

MAYS CONTINUES SLUMP; BATTING AVERAGE .372

CINCINNATI (AP)—Willie Mays says Crosley Field here is his favorite park for hitting, but it didn't do him much good Thursday night.

The San Francisco Giant star outfielder's only contribution to the plate was a weak grounder hit to Cincinnati Redleg Don Hoak who managed to throw wildly for an error.

But otherwise in the 5-1 Giant victory, the Mays slugging talent seemed still out.

STILL LEADS LEAGUE

It was the 16th game in which he hasn't batted in a run.

Three more official trips to the plate made it 67 since he belted an extra base hit.

Despite this, he's still leading the league today with a .372 average.

Giant Manager Bill Rigney moved Willie up to the No. 2 spot in the batting order instead of a cleanup berth.

Rigney said, "I'm not worried about Willie. There's nothing wrong with him physically. I'm convinced of that."

NOVELLO TO PAY FOR CAR

HARRISBURG (AP)—The question of whether Alfred T. Novello, deputy auditor general, should be charged for the loss of a state car was settled Thursday when Novello agreed to pay.

Andrew M. Bradley, secretary of property and supplies, said he

Mrs. Margaret King, Miss Pauline Deardorff and Mrs. Ruth Deardorff spent Sunday evening with the former's son-in-law and daughter, Mr. and Mrs. Paul Thomas Jr., and son, Mark, York.

will bill Novello for the book value of the car he sum received for salvage.

The car was destroyed by fire while Novello was on a Memorial Day vacation trip in the Catskill Mountains of New York. Auditor Gen. Charles C. Smith wrote Bradley that Novello agreed to pay the cost of the destroyed car. The cost was estimated at \$2,500.

Atty. Gen. Thomas D. McBride had been asked for a ruling on the case. He said he was dropping the case because of Novello's offer to reimburse the state.

Blend a quarter cup of butter with half a teaspoon of curry powder and spread on eight slices of French bread. Place in a hot oven until crispy. Serve with creamed chicken.

this is no Steeple!

The Army calls it "Nike," an anti-aircraft weapon that is vital to our defense.

And you and I bought it! Yes—gladly!

Every week a part of our earnings is withheld for our nation's needs. In addition, many of us buy a bond a month to invest in America's strength. We want forever to be free. That's why we bought "Nike."

But a land born of the Pilgrim's devotion needs more than rockets to defend its soul. America needs steeples—steeple strong and sure in their upward aim! It needs steeples that call men and women to the quest for God's peace . . . that lead boys and girls in the search for God's way.

And as many as are conscious of this deep, spiritual need find joy in GIVING to our churches . . . regularly . . . generously.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A SPOKESMAN FOR GOD

1 Samuel 3:10-20
Key Verse: Samuel grew, and the Lord was with him and let none of his words fall to the ground. 1 Samuel 3:19

The growing power of the Philistines continued after the death of Samson and their continual raids interrupted Hebrew life in certain sections and even threatened the trade routes. The period of the Judges was rapidly drawing to a close and Israel would have to adjust itself to meet the situation by forming a strong confederacy of tribes.

Several other conditions contributed to the instability of Israel as a developing nation. There were jealousies among the tribes and their religious and moral life had deteriorated. This was due in part because the conditions at Shiloh, the central sanctuary, were not good. Eli, the high priest, was growing old and unable to provide the spiritual leadership needed by the tribes and his sons had degraded themselves and completely ignored the protests or advice of their father.

New Leader Appears

Again God raised up a new leader for Israel, one who had vision and consecration to God's will. The story of the boy Samuel is a favorite because his mother Hannah had dedicated him at birth to the service of the Lord. She brought him to the tabernacle at Shiloh at a very early age to receive instruction from Eli. Eli made his home there at the tabernacle where he performed regular duties such as opening the doors of the sanctuary every morning. There he ministered until God called him to be judge and prophet. Soon all Israel knew that the Lord had chosen him as their future leader.

So Samuel occupied a unique place in Israel's history. He was the last of the judges and the first of the prophets, bridging the transition between the period of the judges and the monarchy. He became the only ruler between Eli and Saul who was the first as a judge. As a judge Samuel had a circuit where he held court in Bethel, Gilgal, and Mizpah. As a prophet he established a school of prophets or a seminary at his home in Ramah. He defeated the Philistines at the same place where in his childhood they had taken the Ark. This was at Ebenezer near Mizpah.

The unification of the tribes was the main mission of Samuel. How did he actually replace Eli? The Lord came to Samuel and called him to the task. Samuel answered obediently, saying, "Speak, for the

World News In Brief

MOSCOW (AP) — The Soviet press Thursday denounced the prospect of a U.N. police force for Lebanon as foreign intervention and a threat to peace. It warned that the Kremlin would not stand idly by.

The army newspaper Red Star recalled Russia's warnings of its nuclear and missile power issued during the Suez crisis of 1956.

Lebanese Premier Sami Solh said Wednesday he has asked Secretary General Dag Hammarskjold for a U.N. emergency force to police Lebanon's borders to prevent aid reaching Lebanese rebels from the United Arab Republic.

"The threat to peace and security in the Middle East is increasing," said Pravda, the Communist party newspaper.

TOKYO (AP) — A Japanese scientist today said he has worked out a method of forecasting volcanic eruptions 24 to 48 hours in advance.

Prof. Takeshi Minakami of Tokyo University's earthquake research laboratory said his method calls for location of several seismographs at varying distances from the crater of an active volcano and interpretation of the curves recording the earth tremors from the volcano. More than a certain number of tremors of a certain kind during a day, he says, and the volcano is about to blow.

MOSCOW (AP) — The United States formally notified the Soviet government Thursday of its decision to go ahead with plans for technical nuclear talks in Geneva Tuesday.

SAIGON (AP) — The Indochinese neighbors of Cambodia and South Viet Nam were embroiled in a new border dispute Sunday, with each young nation charging invasion by the other.

Cambodia's King Sihanouk Wednesday claimed Vietnamese troops had occupied several Cambodian border villages. Viet Nam defense officials denied the charge and claimed the Cambodians had tried to move the border with an armed attack June 15.

The two nations have had frequent border clashes during the past year.

SAN FRANCISCO (AP) — It's a long life of physical activity, not the few years of exercise by the athlete, that builds up protection against heart attacks, a University of Kentucky doctor said today.

All three components of the aging process—decline in efficiency, decline in physique and decline in health—are staved off by sustained physical activity. Dr. Ernest Jokl told the American Medical Assn.

"An exercise regimen that confines itself to a few years of intensive training as usually adhered to by competitive athletes will not thus be effective," he said.

The health significance of long-time physical activity as contrasted

ed with the exercise quota of the athlete came out, Dr. Jokl said, in studies made of lumberjacks in Finland, unskilled manual laborers in Great Britain, long-term members of German gymnastic clubs, and mountain guides in Switzerland.

Three British scientific papers and one German research report have shown, he added, that heart and artery disease is much lower in the physically active than in the sedentary individual.

Mummasburg

MUMMASBURG — Mr. and Mrs. Dwight Rinehart and children, Linda and Stanley, attended the 25th wedding anniversary of Mr. and Mrs. Paul Rinehart, Sunday, at Goulersville.

Mr. and Mrs. Guy Fidler and parents recently visited Mr. and Mrs. Edgar Moose and family, Reisterstown, who are spending sometime at their cabin near Mt. Holly Springs.

Mr. and Mrs. Raymond Fidler, who were recently married, were serenaded an evening last week by friends and relatives.

Mrs. Minnie Boehar and her daughter, Mrs. Freda Thompson, Wildwood, N.J., visited at the home of Mr. and Mrs. Clyde Wilson and family, Monday evening.

A family reunion was held Sunday at the home of Mr. and Mrs. Harold Martin with 61 in attendance. Those present were Mr. and Mrs. Martin and sons, Larry, Kenneth and Dennis, Miss Margarette Himebright, Mrs. Mabel Clymer, Lancaster; Mr. and Mrs. John Clymer and children, Paul, John, Erma, Ruth, James, Martha, David, Arlene, Esther Mae and Elaine, Quarryville; Mr. and Mrs. Ira Nafziger and children, Calvin, Twila, Paul, Leslie, Lucille, Carol Jean, Bonita, Sarah Jane, Shirley and Cynthia, Lancaster; Mr. and Mrs. James Clymer and children, James Jr., Jeanette, Donald, Dolores, Roy, Rosene, Sylvia and Sharon, Goodville; Mr. and Mrs. Daniel Clymer and children, Dale, Jean, Lois and Judy, Lancaster; Mr. and Mrs. Benjamin Martin and children, Benjamin Jr., Louise, and Jay Arlin, Ronks; Mr. and Mrs. Jason Stoltzfus and children, Winona, Winifred and Bernice, Philadelphia; Mr. and Mrs. Ralph Bender and children, Luann and Roy, Quarryville, and Abram Clymer, Lancaster.

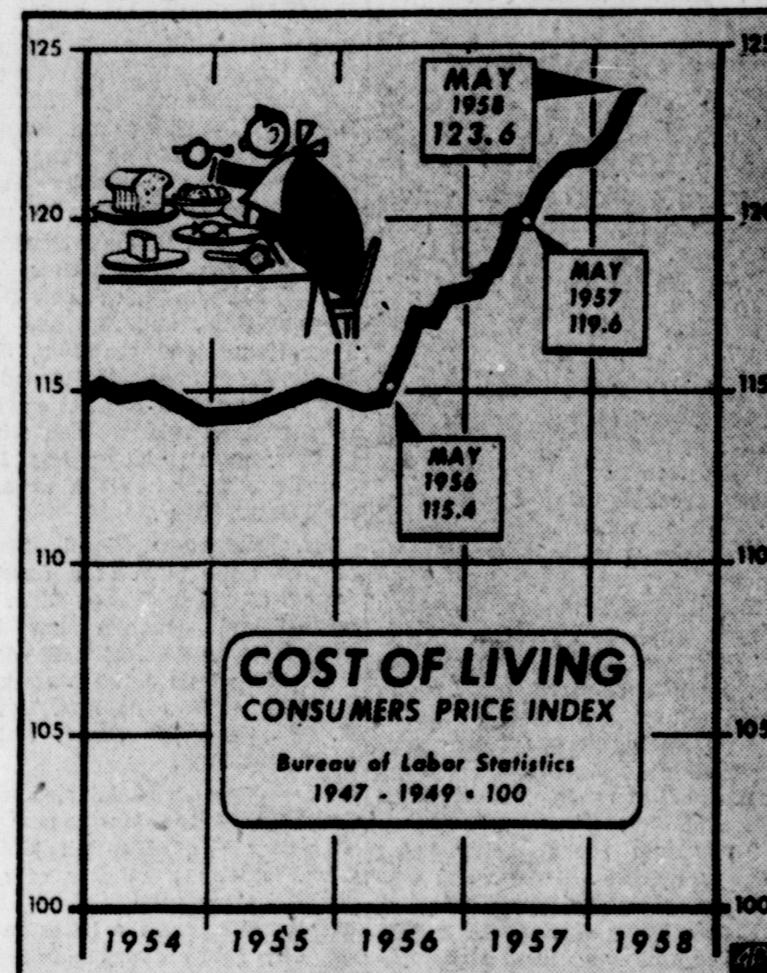

Mrs. Mabel Clymer, Lancaster, is the mother and grandmother of the group. She has 76 grandchildren.

Pvt. Bradley Keeler, of Fort Dix, N.J., and Mr. and Mrs. Richard Hall, Aberdeen, Md., were weekend visitors at the home of their mother, Mrs. Ada Keeler. Mr. and Mrs. Hall were accompanied to their home by their children, Cynthia and Gerard, who spent the past week at the home of their grandmother, Mrs. Keeler.

Mr. and Mrs. C. Cooper, Elmira, N.Y., visited friends here recently.

Mr. and Mrs. Harry Wilson and three children, Shanksville, and Mr. and Mrs. Jonas Taylor, York, were Sunday visitors at the home of Mr. and Mrs. Chester Shue and family.

Living Costs In Slight Rise

James MARLOW Reports

The Associated Press

pretended to know all the answers why:

Last fall the Soviets made a smashing propaganda follow-up on their blazing Sputnik success by proposing a summit talk to President Eisenhower. The Eisenhower administration was slow reacting and for a few months the Soviet Union had a clear edge.

Tug-of-war Develops
Then the administration began answering and the proposals and counter-proposals became a tug-of-war too complicated for the average man around the world to follow. Because both sides made arguing details, neither made propaganda hay.

The Soviets said they wanted summit talks, willy-nilly. The United States said it wanted preparations for such talks. Last April Moscow agreed to the West's ambassadors should try to work out preparations for the summit meeting.

The two sides remained miles apart. Neither yielded any ground. But on June 11 Premier Khrushchev started the world with a letter practically abandoning hope for a summit meeting. He blamed the West, of course. But Eisenhower was able to hit back: "The whole thing has been a great setback to my hopes."

Realize Red Cheating
In short, the Soviets put themselves, no matter what they claimed, in the position of being blamed for knocking a summit conference out the window.

At the same time the Soviets were working the other side of the street too, making more propaganda with their plea for a ban

on nuclear testing. The West took the position that before a ban there must be foolproof way of preventing cheating.

This country all along refused to commit itself to banning tests before the scientists met. Some of the American scientific team were on their way to Geneva Wednesday night when the Soviets rammed in another torpedo.

Threaten Conference

They threatened to scuttle the Geneva conference of nuclear experts unless the United States says a ban on nuclear tests is needed. This would require the United States to cave in on a point it has adhered to all along: let the experts talk first.

But if these talks are now out the window, this country can dump the blame on the Soviet Union and accuse her of hypocrisy both on the summit talks and on wanting nuclear testing banned.

The way all this has been handled is what's extraordinary. A few months ago the Soviets were running pretty smoothly. There's nothing smooth about them lately.

All the West can do now is wait to see what happens next.

Announced Executions

Meanwhile, but again deliberately and savagely, they shocked the world by announcing the execution of Imre Nagy, the former Hungarian premier, and some of his aides. It was a warning of the resumption of terror, death and bloody purges.

This is the background of what's happened although no one yet has

COLLINS DODGES STARRING ROLE ON HIT PARADE

HARRISBURG (AP) — Dorothy Collins has a warm spot in her heart for the Hit Parade program, but she's not so sure she wants to return to it.

"After seven years I naturally grew very fond of the Hit Parade," she said, "but since leaving it last year, I've found so much professional satisfaction in other phases of show business that I don't know whether I could be down to a regular show again."

The Hit Parade management dropped Dorothy, her husband Raymond Scott, Gisele MacKenzie, Snoopy Lanson and other program regulars last year in favor of an untried team of newcomers. Now the management would like to have Dorothy back when the program shifts from NBC to CBS in the fall.

Dorothy, who progressed from

More argument. Finally, it was pretty well agreed the Soviet Union and the West would send scientists to Geneva to discuss ways of policing any nuclear test ban that might be agreed on later.

Pa. Tennis Tourney Opens At Harrisburg

HARRISBURG (AP) — The Pennsylvania State Claycourt Tennis championships begin today with eight singles matches.

The tournament begins officially at 5 p.m. Other matches in the tournament are scheduled for Saturday and Sunday and July 4-5.

Howe Atwater of Lancaster, has been seeded first among the 36 players in the singles competition. Ed Dailey of Harrisburg, Jack Calkins of Harrisburg, and Dr. Robert Boyer of Philadelphia were seeded two, three and four respectively.

singing commercials to a starring role on the program, doesn't shut the door completely.

"Actually, I'm leaving the decision up to my manager Hillard Elkins," she said. "If he thinks I should, and will have the time, then there's a chance I will return to the show. But it's an outside chance."

Elkins says pretty much the same thing: "Dorothy has blossomed forth as an actress in the past year, and there are so many good things awaiting her in movies and theater that we're not quite sure she'll be available for the series."

In the meantime, Canadian-born Dorothy is ready to swing back into the professional whirl after a long maternity layoff. Earlier this month she gave birth to her second daughter.

Her first stop will be on the Steve Allen television show this Sunday night.

DPI CRITICIZED FOR FAILING TO SUBMIT REPORT

HARRISBURG (AP) — The chairman of the House Appropriations Committee, Rep. Norman Wood (R-Lancaster), criticized the Public Instruction Department Thursday for not submitting a vocational training report to the Legislature.

Wood said in a statement that the Legislature had not received a report it requested from the department on the \$2,744,786 program.

"This stubbornness may be the result of using the money for purposes other than specified by the appropriation act," Wood said, adding that "such action would be open defiance of the law."

Must Have Report
The state said:

"When we mentioned the possibility last week, when the report was initially requested, that the Appropriation Committee has authority to subpoena records from departments not complying with the Legislature's requests, there was no thought that the department would continue to defy us."

"We must have the report on the condition and progress of the vocational education program to enable us to draft a fiscal worksheet for the next biennium.

"An unreasonable delay will force us to take the necessary action, unprecedented in the history of Pennsylvania, to force a department under the governor's jurisdiction to comply with a law which officials of the Leader ad-

Hardware, Foundry Picnic On Saturday

The annual picnic for the employees of the Littlestown Hardware and Foundry Company, Inc. and their families was held on Saturday afternoon in the Christ United Church of Christ picnic grove, near town. Fried chicken was served to approximately 500 persons in attendance by the women of the church. Recreation included horseshoe pitching contests, softball games, pony riding, etc. Ice cream, watermelon, soda pop and milk were available to the crowd throughout the picnic activities.

Arrangements for the picnic were in charge of the following committee: Warren H. Wisotzkey, chairman, Dale Moose, vice chairman, Thomas Bucher, Noah V. Brown, Burnell Keagy and Robert Bowers.

Newspaper space used by advertisers last year amounted to 3,894,000 tons of newsprint — equal to almost 60% of the entire Canadian newsprint industry's output.

200 At Cubbers' Annual Picnic
Approximately 200 persons were present at the annual picnic for members of Littlestown Cub Pack No. 84 and their families, held on Wednesday evening at the local Fish and Game Association Farm, near town. Each family took its own basket lunch. The annual fishing contest for the Cubs was held in connection with the picnic. Over 40 Cubs participated. Prizes were awarded as follows: To John Hanlon, for the first fish caught, a casting reel; Thomas Fox, for the most fish caught, a tackle box; Allen Ernst, for the biggest fish caught, a twelve-inch bass, received a spinning casting rod. Each Cub taking part received a bar of candy. Assisting with the contest were Cubmaster Stewart N. Long and den dads Maurice E. Bream, women.

The annual summer picnic for members of the Littlestown Homemakers Club and their families will take place on Sunday evening at Crouse's Pool, near town, at 6:30 p.m.

The Continuing Study of Newspaper Reading shows that an average newspaper page with news and advertising on it is read by 64% of men readers and 73% of women.

Hardware, Foundry Picnic On Saturday

The annual picnic for the employees of the Littlestown Hardware and Foundry Company, Inc. and their families was held on Saturday afternoon in the Christ United Church of Christ picnic grove, near town. Fried chicken was served to approximately 500 persons in attendance by the women of the church. Recreation included horseshoe pitching contests, softball games, pony riding, etc. Ice cream, watermelon, soda pop and milk were available to the crowd throughout the picnic activities.

Arrangements for the picnic were in charge of the following committee: Warren H. Wisotzkey, chairman, Dale Moose, vice chairman, Thomas Bucher, Noah V. Brown, Burnell Keagy and Robert Bowers.

Newspaper space used by advertisers last year amounted to 3,894,000 tons of newsprint — equal to almost 60% of the entire Canadian newsprint industry's output.

200 At Cubbers' Annual Picnic

Approximately 200 persons were present at the annual picnic for members of Littlestown Cub Pack No. 84 and their families, held on Wednesday evening at the local Fish and Game Association Farm, near town. Each family took its own basket lunch.

The annual fishing contest for the Cubs was held in connection with the picnic. Over 40 Cubs participated. Prizes were awarded as follows: To John Hanlon, for the first fish caught, a casting reel; Thomas Fox, for the most fish caught, seven, a tackle box; Allen Ernst, for the biggest fish caught, a twelve-inch bass, received a spinning casting rod. Each Cub taking part received a bar of candy. Assisting with the contest were Cubmaster Stewart N. Long and den dads Maurice E. Bream, and

The annual summer picnic for members of the Littlestown Home-makers Club and their families will take place on Sunday evening at Crouse's Pool, near town, at 6:30 p.m.

The Continuing Study of Newspaper Reading shows that an average newspaper page with news and advertising on it is read by 64% of men readers and 73% of the women.

World News In Brief

MOSCOW (AP) — The Soviet press Thursday denounced the prospect of a U.N. police force for Lebanon as foreign intervention and a threat to peace. It warned that the Kremlin would not stand idly by.

The army newspaper Red Star recalled Russia's warnings of its nuclear and missile power issued during the Suez crisis of 1956.

Lebanese Premier Sami Solh said Wednesday he has asked Secretary General Dag Hammarskjold for a U.N. emergency force to police Lebanon's borders to prevent aid reaching Lebanese rebels from the United Arab Republic.

"The threat to peace and security in the Middle East is increasing," said Pravda, the Communist party newspaper.

TOKYO (AP) — A Japanese scientist today said he has worked out a method of forecasting volcanic eruptions 24 to 48 hours in advance.

Prof. Takeshi Minakami of Tokyo University's earthquake research laboratory said his method calls for location of several seismographs at varying distances from the crater of an active volcano and interpretation of the curves recording the earth tremors from the volcano. More than a certain number of tremors of a certain kind during a day, he says, and the volcano is about to blow.

MOSCOW (AP) — The United States formally notified the Soviet government Thursday of its decision to go ahead with plans for technical nuclear talks in Geneva Tuesday.

SAIGON (AP) — The Indo-Chinese neighbors of Cambodia and South Viet Nam were embroiled in a new border dispute Thursday, with each young nation charging invasion by the other.

Cambodia's King Suramarit Wednesday claimed Vietnamese troops had occupied several Cambodian border villages. Viet Nam defense officials denied the charge and claimed the Cambodians had tried to move the border with an armed attack June 15.

The two nations have had frequent border clashes during the past year.

SAN FRANCISCO (AP) — It's a long life of physical activity, not the few years of exercise by the athlete, that builds up protection against heart attacks, a University of Kentucky doctor said today.

All three components of the aging process—decline in efficiency, decline in physique and decline in health—are staved off by sustained physical activity, Dr. Ernest Jokl told the American Medical Assn.

"An exercise regimen that confines itself to a few years of intensive training as usually adhered to by competitive athletes will not thus be effective," he said.

The health significance of long-term physical activity as contrasted

with the exercise quota of the athlete came out, Dr. Jokl said, in studies made of lumberjacks in Finland, unskilled manual laborers in Great Britain, long-term members of German gymnastic clubs, and mountain guides in Switzerland.

Three British scientific papers and one German research report have shown, he added, that heart and artery disease is much lower in the physically active than in the sedentary individual.

Mummasburg

MUMMASBURG — Mr. and Mrs. Dwight Rinehart and children, Linda and Stanley, attended the 25th wedding anniversary of Mr. and Mrs. Paul Rinehart, Sunday, at Gouliersville.

Mr. and Mrs. Guy Fidler and daughters recently visited Mr. and Mrs. Edgar Moose and family, Reisterstown, who are spending sometime at their cabin near Mt. Holly Springs.

Mr. and Mrs. Raymond Fidler, who were recently married, were serenaded an evening last week by friends and relatives.

Mrs. Minnie Baschoor and her daughter, Mrs. Freda Thompson, Wildwood, N. J., visited at the home of Mr. and Mrs. Clyde Wilson and family, Monday evening.

A family reunion was held Sunday at the home of Mr. and Mrs. Harold Martin with 61 in attendance. Those present were Mr. and Mrs. Martin and sons, Larry, Kenneth and Dennis, Miss Marguerite Himebright, Mrs. Mabel Clymer, Lancaster; Mr. and Mrs. John Clymer and children, Paul, John, Erma, Ruth, James, Martha, David, Arlene, Esther Mae and Elaine, Quarryville; Mr. and Mrs. Ira Nafziger and children, Calvin, Twila, Paul, Leslie, Lucille, Carol Jean, Bonita, Sarah Jane, Shirley and Cynthia, Lancaster; Mr. and Mrs. James Clymer and children, James Jr., Jeanette, Donald, Dolores, Roy, Rosene, Sylvia and Sharon, Goodville; Mr. and Mrs. Daniel Clymer and children, Dale, Jean, Lois and Judy, Lancaster; Mr. and Mrs. Benjamin Martin and children, Benjamin Jr., Louise, and Jay Arlin, Ronks; Mr. and Mrs. Jason Stoltzfus and children, Winona, Winifred and Bernice, Philadelphia; Mr. and Mrs. Ralph Bender and children, Luann and Roy, Quarryville, and Abram Clymer, Lancaster.

Mrs. Mabel Clymer, Lancaster, is the mother and grandmother of the group. She has 76 grandchildren.

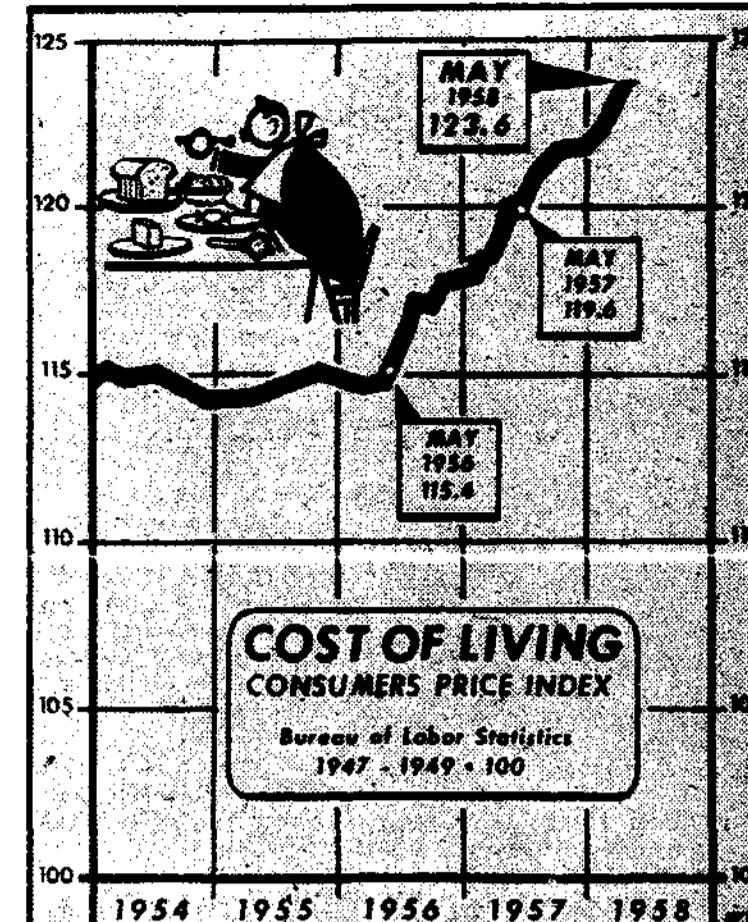

Pvt. Bradley Keefer, of Fort Dix, N. J., and Mr. and Mrs. Richard Hall, Aberdeen, Md., were weekend visitors at the home of their mother, Mrs. Ada Keefer. Mr. and Mrs. Hall were accompanied to their home by their children, Cynthia and Gerard, who spent the past week at the home of their grandmother, Mrs. Keefer.

Mr. and Mrs. C. Cooper, Elmira, N. Y., visited friends here recently.

Mr. and Mrs. Harry Wilson and three children, Shanksville, and Mr. and Mrs. Jonas Saylor, York, were Sunday visitors at the home of Mr. and Mrs. Chester Shue and family.

James MARLOW Reports

The Associated Press

pretended to know all the answers why:

Last fall the Soviets made a smashing propaganda follow-up on their blazing Sputnik successes by proposing a summit talk to President Eisenhower. The Eisenhower administration was slow reacting and for a few months the Soviet Union had a clear edge.

Tug-of-war Develops

Then the administration began answering and the proposals and counter-proposals became a tug-of-war too complicated for the average man around the world to follow. Because both sides made arguing details, neither made propaganda hay.

The Soviets said they wanted summit talks, willy-nilly. The United States said it wanted preparations for such talks. Last April, Moscow agreed to the West's ambassadors should try to work out preparations for the summit meeting.

The two sides remained miles apart. Neither yielded any ground. But on June 11 Premier Khrushchev startled the world with a letter practically abandoning hope for a summit meeting. He blamed the West, of course, for not being able to hit back: "The whole thing has been a great setback to my hopes."

Realize Red Cheating

In short, the Soviets put themselves, no matter what they claimed, in the position of being blamed for knocking a summit conference out the window.

At the same time the Soviets were working the other side of the street too, making more propaganda with their plea for a ban

COLLINS DODGES STARRING ROLE ON HIT PARADE

NEW YORK (AP) — Dorothy Collins has a warm spot in her heart for the Hit Parade program, but she's not so sure she wants to return to it.

"After seven years I naturally grew very fond of the Hit Parade," she said, "but since leaving it last year, I've found so much professional satisfaction in other phases of show business that I don't know whether I could be tied down to a regular show again."

The Hit Parade management dropped Dorothy, her husband Raymond Scott, Gisele Mackenzie, Snoopy Lanson and other program regulars last year in favor of an untried team of newcomers.

Now the management would like to have Dorothy back when the program shifts from NBC to CBS in the fall.

Dorothy, who progressed from

on nuclear testing. The West took the position that before a ban there must be a foolproof way of preventing cheating.

More argument. Finally, it was pretty well agreed the Soviet Union and the West would send scientists to Geneva to discuss ways of policing any nuclear test ban that might be agreed on later.

This country all along refused to commit itself to banning tests before the scientists met. Some of the American scientific team were on their way to Geneva Wednesday night when the Soviets rammed in another torpedo.

Threaten Conference

Then she goes to Pittsburgh for rehearsal and a week's appearance in July as Laurey in a stage production of the musical "Oklahoma." Later in the month she will do a night club act in Atlantic City, and in August will repeat the "Oklahoma" role during a two week stint in St. Louis.

But if these talks are now out the window, this country can dump the blame on the Soviet Union and accuse her of hypocrisy both on the summit talks and on wanting nuclear testing banned.

The way all this has been handled is what's extraordinary. A few months ago the Soviets were running pretty smoothly. There's nothing smooth about them lately. All the West can do now is wait to see what happens next.

Pa. Tennis Tourney Opens At Harrisburg

HARRISBURG (AP) — The Pennsylvania State Claycourt Tennis championships begin today with eight singles matches.

The tournament begins officially at 5 p.m. Other matches in the tournament are scheduled for Saturday and Sunday and July 4-6.

Howe Atwater of Lancaster, has been seeded first among the 36 players in the singles competition. Ed Dailey of Harrisburg, Jack Calkins of Harrisburg, and Dr. Robert Boyer of Philadelphia were seeded two, three and four respectively.

singing commercials to a starring role on the program, doesn't shut the door completely.

"Actually, I'm leaving the decision up to my manager Hillard Elkins," she said. "If he thinks I should, and will have the time, then there's a chance I will return to the show. But it's an outside chance."

Elkins says pretty much the same thing: "Dorothy has blossomed forth as an actress in the past year, and there are so many good things awaiting her in movies and theater that we're not quite sure she'll be available for the series."

In the meantime, Canadian-born Dorothy is ready to swing back into the professional whirl after a long maternity layoff. Earlier this month she gave birth to her second daughter.

Her first stop will be on the Steve Allen television show this Sunday night.

"I'll sing a couple songs, including a new one written by my husband Raymond called 'Never Love a Stranger.' It will be wonderful to get back to work again."

Then she goes to Pittsburgh for rehearsal and a week's appearance in July as Laurey in a stage production of the musical "Oklahoma." Later in the month she will do a night club act in Atlantic City, and in August will repeat the "Oklahoma" role during a two week stint in St. Louis.

DPI CRITICIZED FOR FAILING TO SUBMIT REPORT

HARRISBURG (AP) — The chairman of the House Appropriations Committee, Rep. Norman Wood (R-Lancaster), criticized the Public Instruction Department Thursday for not submitting a vocational training report to the Legislature.

Wood said in a statement that the Legislature had not received a report it requested from the department on the \$2,744,786 program.

"This stubbornness may be the result of using the money for purposes other than specified by the appropriation act," Wood said, adding that "such action would be open defiance of the law."

"Must Have Report"

The state said: "When we mentioned the possibility last week, when the report was initially requested, that the Appropriation Committee has authority to subpoena records from departments not complying with the Legislature's requests, there was no thought that the department would continue to defy us."

"We must have the report on the condition and progress of the vocational education program to enable us to draft a fiscal worksheet for the next biennium."

"An unreasonable delay will force us to take the necessary action, unprecedented in the history of Pennsylvania, to force a department under the governor's jurisdiction to comply with a law which officials of the Leader ad-

GUILD PICKET LINES BLOCK END OF STRIKE

PHILADELPHIA (AP) — Truck drivers striking this city's two major newspapers have ratified an agreement to end the 28-day strike.

But publishers of the morning *Inquirer* and the afternoon *Bulletin* said in a joint statement Thursday night:

"One of the conditions of the offer was that the drivers at both papers would be back on the job for delivery of the Friday editions.

"The union (Teamsters Local 628) has not accepted this condition and the strike therefore has not been ended."

No Delivery Today

The Friday edition of the *Inquirer* was not delivered.

After the ratification meeting Thursday some drivers appeared at the *Inquirer* building at their regular late afternoon starting times.

But none was reported crossing the picket lines of the American Newspaper Guild. The *Inquirer's* guild unit has been on strike since the expiration of its contract June 1.

The *Inquirer* and the guild met Thursday and another negotiating session was scheduled with Federal Mediator Paul Yager for today. There was no comment as to progress. The *Bulletin* does not have a guild unit.

The *Bulletin* truck drivers ratified the proposed agreement at a separate meeting Thursday night. The agreement was reached at a negotiating session Wednesday. The Teamsters, the publishers and Yager have not announced its terms.

Sam Gentile, president of the Teamsters local, said Thursday night the ratification vote at both meetings was "practically unanimous."

He added: "They ratified the agreement and were told to report to work Friday at the usual time."

The Teamsters strike, which has halted home and newsstand deliveries, also affects the nearby Camden (N. J.) Courier-Post. No agreement has been reached in this dispute. The Courier-Post, like the *Bulletin*, doesn't have a guild unit.

FUND TO HONOR ALLEN L. BAKER

UNIVERSITY PARK, Pa. (AP) — A scholarship fund honoring Allen L. Baker, state 4-H Club leader, was announced here Thursday night at the 29th annual 4-H leadership school.

Baker, who established the leadership school, was guest of honor at the annual banquet. He will retire Monday after 38 years as a Pennsylvania State University faculty member.

The scholarship fund was accumulated by the 4-H department from private grants and special gift honoring Baker. It will provide annual awards to 4-H Club members enrolled in the colleges of agriculture and home economics.

Chauncey F. Lang, who has worked with 4-H Clubs since 1928, will become the new state leader July 1.

Schmidt Ineligible For County Pension

PITTSBURGH (AP) — Edward L. Schmidt, 74, former state highways secretary, Thursday was ruled ineligible for a pension from Allegheny County. He currently is receiving a \$286 monthly pension from the state.

At various times during his career Schmidt, who now resides in Florida, worked for the county. When he retired from the state job he sought an Allegheny County pension by making a payment of \$1,773 in pension funds he previously had withdrawn.

Three judges ruled that it was too late for him to again enter the county pension plan.

EXTENSION OF EXPIRING FARM LAWS SOUGHT

By B. L. LIVINGSTONE

WASHINGTON (AP) — Republicans pressed today for emergency extension of expiring farm laws after House defeat of a proposed new multimillion-dollar catch-all farm bill.

With big city Democrats lining up with Republicans, the House Thursday refused to consider a Democratic-backed omnibus measure which its critics caustically labeled a bad tax act.

The 214-171 vote which killed the bill came on what usually is a routinely accepted motion to clear a measure for floor consideration.

The complex, many-featured bill included proposals for new three-year price support and control programs for wheat, cotton, rice, feed grains and milk.

The House action was an impressive victory for Secretary of Agriculture Benson, whose opposition was credited with lending weight to the stunning defeat dealt House farm bloc members seeking new agriculture legislation.

House Republicans, meanwhile, organized an effort to continue for another year administration-backed laws which expire next Tuesday unless Congress votes to continue them. They had Democratic support as well.

Extension of both the school milk program and the program of farm surplus disposal through foreign sales and aid had been provided in the omnibus bill.

Roberta Linn's Condition Critical

HOLLYWOOD (AP) — Three more diagnosticians have been called in by physicians fighting to save the life of singer Roberta Linn.

She is in critical condition at Cedars of Lebanon Hospital. Six doctors already are working on her case.

Her illness began as bronchial pneumonia, then spread as a general infection. Doctors said antibiotics have not seemed to halt the infection, which is seriously affecting her respiratory tract. She is in an oxygen tent.

Miss Linn, 27, was bandleader Lawrence Welk's first TV Cham-

page Lady.

FAT OVERWEIGHT

Now available to you for the first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs \$3.00 and is sold with this strict money back guarantee by Peoples Drug Store, Gettysburg. Mail Orders Filled.

TWO SENATORS IN FEUD OVER PA. INDUSTRY

WASHINGTON (AP) — Pennsylvania's U. S. senators were caught up in a mild feud today over Pennsylvania's capacity as an industrial state.

Sen. Joseph S. Clark (D) told the Senate Thursday Pennsylvania has "made a remarkable record in recent years in attracting new and expanded industrial capacity."

He said his remarks were a rebuttal to an editorial in a Pittsburgh newspaper called "Loss of Industry in Pennsylvania." Sen. Edward Martin (R) inserted the editorial Monday in the Congressional Record. The editorial discussed Westinghouse Electric Corporation's recent decision to build a transformer plant at Muncie, Ind.

Clark said the editorial implied "Pennsylvania has lost at least some of its attractiveness for the location of new industry."

"I am sure my (Senate) colleagues are aware that this is a campaign year in Pennsylvania and that the governor of our com-

monwealth is a candidate for United States senator.

"Thus I am sure they are prepared to discount direct or indirect attacks upon the record of the Commonwealth industrial development during Gov. George M. Leader's incumbency."

Martin said later he had inserted the editorial because "I regretted that industry was being placed in another state by a Pennsylvania corporation."

Delegates decided that Thursday when they named Russell J. O'Malley of Scranton, Pa., as nominee for vice president. He will be elected next January at the annual meeting in Philadelphia.

total special program amounted to \$21,040,937.

HARRISBURG (AP) — The State Highway Department says Pennsylvania ranks second in the nation in the dollar value of federal aid committed for highway construction in the state.

Lewis M. Stevens, highways secretary, said Thursday that a report from the U. S. Bureau of Roads shows only California has more money committed to it under the federal-aid highway program.

The highways secretary said the federal government has committed \$13,705,795 to Pennsylvania for a total program of \$20,563,700. The money is allocated on a ratio of two-thirds federal and one-third state.

GUILD PICKET LINES BLOCK END OF STRIKE

PHILADELPHIA (AP) — Truck drivers striking this city's two major newspapers have ratified an agreement to end the 28-day strike.

But publishers of the morning *Inquirer* and the afternoon *Bulletin* said in a joint statement Thursday night:

"One of the conditions of the offer was that the drivers at both papers would be back on the job for delivery of the Friday editions."

The union (Teamsters Local 628) has not accepted this condition and the strike therefore has not been ended.

No delivery today. The Friday edition of the *Inquirer* was not delivered.

After the ratification meeting Thursday, some drivers appeared at the *Inquirer* building at their regular late afternoon starting times.

But none was reported crossing the picket lines of the American Newspaper Guild. The *Inquirer's* "guild unit" has been on strike since the expiration of its contract June 1.

The *Inquirer* and the guild met Thursday, and another negotiating session was scheduled with Federal Mediator Paul Yager to today. There was no comment as to progress. The *Bulletin* does not have a guild unit.

The *Bulletin* truck drivers ratified the proposed agreement at a separate meeting Thursday night. The agreement was reached at a negotiating session Wednesday. The Teamsters, the publishers and Yager have not announced its terms.

Sam Genua, president of the Teamsters local, said Thursday night the ratification vote at both meetings was "practically unanimous."

He added: "They ratified the agreement and were told to report to work Friday at the usual time."

The Teamsters strike, which has halted home and newsstand deliveries, also affects the nearby Camden (N.J.) Courier-Post. No agreement has been reached in this dispute. The Courier-Post, like the *Bulletin*, doesn't have a guild unit.

FUND TO HONOR ALLEN L. BAKER

UNIVERSITY PARK, Pa. (AP) — A scholarship fund honoring Allen L. Baker, state 4-H Club leader, was announced here Thursday night at the 29th annual 4-H leadership school.

Baker, who established the leadership school, was guest of honor at the annual banquet. He will return Monday after 38 years as a Pennsylvania State University faculty member.

The scholarship fund was accumulated by the 4-H department from private grants and special gifts honoring Baker. It will provide annual awards to 4-H Club members enrolled in the colleges of agriculture and home economics.

Chauncey P. Lang, who has worked with 4-H Clubs since 1922, will become the new state leader July 1.

EXTENSION OF
EXPIRING FARM
LAWS SOUGHT

By B. L. LIVINGSTONE
WASHINGTON (AP) — Republicans pressed today for emergency extension of expiring farm laws after House defeat of a proposed new multibillion-dollar catch-all farm bill.

With big-city Democrats lining up with Republicans, the House Thursday refused to consider a Democratic-backed omnibus measure which its critics caustically labeled a bread tax act.

The 214-171 vote which killed the bill came on what usually is a routinely accepted motion to clear a measure for floor consideration.

The complex, many-featured bill included proposals for new three-year price support and control programs for wheat, cotton, rice, feed grains and milk.

The House action was an impressive victory for Secretary of Agriculture Benson, whose opposition was credited with lending weight to the stunning defeat dealt House farm bloc members seeking new agriculture legislation.

House Republicans, meanwhile, organized an effort to continue for another year administration-backed laws which expire next Tuesday unless Congress votes to continue them. They had Democratic support as well.

Extension of both the school milk program and the program of farm surplus disposal through foreign sales and aid had been provided in the omnibus bill.

Robert Linn's
Condition Critical

HOLLYWOOD (AP) — Three more diagnosticians have been called in by physicians fighting to save the life of singer Roberta Linn.

She is in critical condition at Cedars of Lebanon Hospital. Six doctors already are working on her case.

Her illness began as bronchial pneumonia, then spread as a general infection. Doctors said antibiotics have not seemed to halt the infection, which is seriously affecting her respiratory tract.

She is in an oxygen tent. Miss Linn, 27, was bandleader Lawrence Welk's first TV Champagne Lady.

ATTOTEM POLE

Mystery fans have their thrills at the Totem Pole Playhouse when director William Putch's players present Agatha Christie's thriller "The Mousetrap" on Monday for a week's run. A smash hit in both England and the United States, "The Mousetrap" is packed with chilling black-outs, shrieks in the dark, blandished weapons and many clues pointing the finger of guilt at every member of the cast.

Jean Christian, bowing out after this production at Totem Pole, and Ed Preble play the roles of the young married couple who have opened an old country mansion as a guest house. As the guests arrive a snowstorm isolates the house except for detective Stan Watt searching for a murderer and two additional victims.

Billie Heffner plays the role of a crusty matron constantly complaining about the service. Don Somers is a cheerful British Army officer; Doug Robinson, a strangely untypical young man, Lily Lodge, a woman with secretive manners and Ken Hulet, a tip-toeing foreigner.

Doug Robinson, voted the Playhouse's most popular actor for the past two seasons, makes his season's bow in this production. The scenery is designed by F. Anthony Benko. "The Mousetrap" is the third longest running play in British theatrical history.

State Ranks 2nd In
Federal Road Aid

HARRISBURG (AP) — The State Highways Department says Pennsylvania ranks second in the nation in the dollar value of federal aid committed for highway construction in the state.

Lewis M. Stevens, highways secretary, said Thursday that a report from the U. S. Bureau of Roads shows only California has more money committed to it under the federal-aid highway program.

5 Prominent Pennsylvanians Will Advise U.S. Civil War Commission On Observance

WASHINGTON, D. C. — Five prominent residents of Pennsylvania, chosen on a basis of their knowledge and interest in the Civil War, have been named to the Advisory Council of the Civil War Centennial Commission, recently established by Congress to plan and coordinate a commemoration that will last from 1961 to 1965. They are Henry Murray Scharf, president and general manager of the Hotel Gettysburg; Herman Blum, founder and director of the Blumhoven Library and Gallery at Philadelphia; Roy F. Nichols, dean of the Graduate School of Arts and Sciences, University of Pennsylvania; Kermit V. Sloan, of the Public Relations Department of The Curtis Publishing Company; and S. K. Stevens, executive director of the Pennsylvania Historical and Museum Commission.

Serve Without Pay

As members of the council, they will be asked from time to time to confer with the National Commission in connection with its efforts to stimulate interest in the forthcoming ceremonies and to bring about a proper coordination of observances. Major General U. S. Grand 3rd, chairman of the commission, said he looked upon the appointment of the advisory group, all members of which will serve without compensation, as one of the most important steps taken to date.

The National Commission is made up of 25 members, including President Eisenhower and Vice President Nixon. Senator Edward Martin of Pennsylvania, who already has manifested an intense interest in the activities of the group, was among four members of the United States Senate chosen under stipulation of the public law by which the agency was created.

In its initial plans, the National Commission, now set up with headquarters at 700 Jackson Place, N.W., almost directly in

front of the White House, has made it clear that the actual planning of individual observances shall be carried out at the grass-roots level. Each state, county and community will be expected to work out its own program, at the same time maintaining contact with the commission at Washington and keeping in mind the historical dates involved in the particular phase of the war with which it is concerned.

State Programs

In this respect, each state will be encouraged to organize its own centennial commission. A resolution to this effect, introduced at the recent annual Governor's Conference in Florida by Virginia's Governor J. Lindsay Almond Jr., was unanimously adopted. Already some 30 states have appointed these groups or are in the process of doing so.

Some states must await such time as required legislative action can be taken to set up these commissions and, in the meantime, have appointed liaison representatives to maintain contact with the National Commission. These are California, Connecticut, Illinois, Maine, Minnesota, Mississippi, New Hampshire, New York, North Carolina, South Dakota, Tennessee, Wyoming, Washington and Wisconsin.

Moreover, as long as two years ago, the federal government, with the blessing of President Eisenhower, honorary chairman of the commission, began steps for the entertainment during the centennial years of an unprecedented 80,000,000 visitors to the national park areas. The National Park Service, to provide for this greatly increased tourist travel and also to execute projected improvements in the park properties, worked out a special program, known as Mission 66, that received early approval from Congress. It is now in operation, and already the staffs and park facilities of the entire national system have been greatly augmented. Many of the projects, especially in battle sites, will be timed for completion to coincide with historic incidents to be commemorated during the observances.

Education groups, such as the U. S. Office of Education, the National Education Association, National Society for the Study of Education, and the American Council on Education, will be asked to assist with the planning in their particular field. Special

Coordinate Effort

In addition, travel groups, including the American Automobile Association and the National Association of Travel Organizations, have had several conferences with Karl S. Betts, executive director of the Centennial Commission, and are working out individual programs to tie in with the national effort. Through their publications, they are encouraging members to familiarize themselves and residents of their respective areas with the plans of the commission, especially as it regards reenactments, pageants and special commemorations in the battle areas of the war.

LAWYERS NEED BISHOP'S OK IN DIVORCE CASES

PITTSBURGH (AP) — Catholic lawyers in the Pittsburgh Roman Catholic diocese were told Thursday they can not approach the civil courts as counsel in a divorce case without prior approval of their bishop.

Msgr. Jacob Shinar, secretary to Bishop John F. Dearden, ordinary of the diocese, said the diocesan chancery reserves the right to determine the validity of marriages where nuptial partners seek divorces through Catholic attorneys.

The Catholic Church is interested in preserving valid marriages whether the couples involved are Catholics, Protestants or Jews, Msgr. Shinar said.

Rule Published In '50

Msgr. Shinar spoke at meeting of the St. Thomas More Society, an organization for Catholic attorneys.

The ruling regarding Catholic attorneys' procedure in divorce cases, Msgr. Shinar said, was published at the time Bishop Dearden became head of the diocese in 1950. The ruling states:

"Following a valid marriage it is strictly forbidden for any Catholic, whether as plaintiff or as attorney, to approach the civil courts to obtain a separation, divorce or annulment, without prior approval of the bishop."

The Rev. Louis J. Nene, director of Catholic Diocesan family life and reconciliation, told the attorneys a Catholic lawyer must attempt to mend marriages when possible.
